GFOA BUDGET AWARD

The Government Finance Officers Association of the United States and Canada (GFOA) established the Distinguished Budget Presentation Awards Program in 1984 to encourage and assist state and local governments to prepare budget documents of the very highest quality that reflect both the guidelines established by the National Advisory Council on State and Local Budgeting and the GFOA's best practices on budgeting and then to recognize individual governments that succeed in achieving that goal.

In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device.

Documents submitted to the awards program are reviewed by selected members of the GFOA professional staff and by outside reviewers with experience in public-sector budgeting.

The City of Chowchilla was presented with a Distinguished Budget Presentation Award by the GFOA for its annual budget for the fiscal year beginning July 1, 2019 and again for fiscal year beginning July 1, 2020. This is the highest budget award presented by GFOA.

CITY OF CHOWCHILLA CALIFORNIA

EXECUTIVE SUMMARY

June 29, 2021

To: Mayor Palmer, Members of the City Council, and Citizens of Chowchilla

On behalf of the City's Management Team, I am pleased to present the City of Chowchilla Budget for Fiscal Year 2021-2022 for the City Council's consideration, in accordance with the Chowchilla Municipal Code. The budget maintains core City programs, services, staffing levels, operating budgets, and capital projects according to our Capital Improvement Plan (CIP). We are adjusting projections from last year, which were severely reduced due to COVID-19 and getting closer to pre-COVID-19 budget amounts. As a result, we did not experience the loss of revenues in FY 2020/2021 due to COVID-19 as initially anticipated, and we are projecting mild growth for the first time in many years.

There are six key foundational objectives used in preparing this budget:

1. Expand the core services of the community where possible;
2. Continue the City's strong push for job creation and revenue generation by making Chowchilla an attractive location for industrial, commercial, and residential development;
3. Maintain the momentum of aggressively pursuing new business opportunities;
4. Expand public safety in the community where possible;
5. Maintain and enhance the City's infrastructure, including parks, roads, and sidewalks;
6. Ensure the long-term fiscal sustainability of the City by proposing a structurally balanced budget and the continued expansion of the General Fund Unappropriated Fund Balance.

The City Council, staff, and the public participated in developing the priorities for this budget. The question was proposed to Council members and the public "What are the most important things for the City to accomplish this year?" Based upon the input from City Council, as memorialized in the City's Strategic Plan, staff, and the public, the budget was prepared with expenditures in balance with our available revenue.

The 2021-2022 proposed budget includes some increases in operations compared to the 2020-2021 budget, and staffing levels have seen a slight increase. This difference is due to the 2020-2021 budget being reduced due to the uncertainty of COVID-19 impacts. With a year and a half of COVID-19 behind us, we are better equipped to forecast the impacts, and they are not projected to be as significant as we thought in 2020-2021. The budget continues to address the priorities of improving the City's streets and sidewalks, economic development, completing grant-funded projects, increase code enforcement, city-wide beautification, and improving the City's ability to address infrastructure needs. The budget is balanced with reserves to fund capital improvements and one-time costs in the General Fund of roughly \$780,000. The budget will be re-evaluated at mid-year.

The General Fund is balanced with \$11,416,400 in anticipated revenues, \$12,198,655 in expenditures, and \$782,255 of reserves for projects and one-time expenditures. The General Fund Unappropriated Fund Balance is expected to increase to 52.76% of operating expenses from 36.32% in FY 2020/2021. This is due to higher than anticipated revenues in FY 2020/2021 and the completion of multiple district reconciliations that showed the General Fund was owed monies over the years and was trued up. The City Council approved a Reserve Policy in April 2016, which established a minimum level of 17% and is the Government Finance Officers Association (GFOA) recommendation of two months of operating expenditures. Expenditures exceed revenues in Fiscal Year 2021-2022 due to using reserves to pay for multiple one-time expenses and capital projects. \$100,000 being

spent in the Fiscal Year 2021-2022 will be from the cash received in the Fiscal Year 2018-2019 from the VLF settlement monies. In addition, we are using \$525,000 of reserves to partially fund securing our Police Department building perimeter. We also have succession planning occurring that will have two people doing the same position so one can train prior to the other retiring.

The City uses a Cost Allocation Plan for the recovery of General and Administrative costs. The plan is included at the end of the budget document for reference. The plan illustrates the City's methodologies and calculations which provide for a transparent cost allocation plan. The plan's methodologies remained the same, while the allocated amount in the new budget has changed. The plan is updated every three years, and that occurred in this FY 2021/2022 budget.

In the Fiscal Year 2020-2021, the second 750,000-gallon water tank was put into service. We completed the Fairmead consolidation project planning and an environmental portion of the project and are currently applying for grant funds. We completed the design and environmental studies on the Humboldt Storm Drain Project and are now bidding for the project. The Police Department perimeter security project is in the design phase and will be ready to bid by August 2021. We hope to have construction completed by February 2022, if not sooner.

The fiscal Year 2020-2021 was the final year of the 3-year Memorandum of Understandings (MOU's) with all employee associations. We have been working with the bargaining units on a one-year "rollover" to fully assess the impacts of COVID-19 before we negotiate a long-term agreement.

ECONOMIC BACKGROUND

Economic forecasts for the Central Valley and Madera County are up from last year, which had much uncertainty due to COVID-19 and was projecting significant losses in revenues. Sales tax was not impacted as much as initially projected. With the new state laws regarding online purchases and people mostly staying home because of the pandemic, there was an increase in online sales. Unemployment in Madera County has seen a decrease compared to last year, down from 16.6% to 9.5%, according to the April 2021 statistics of the California Employment Development Department. Pre-COVID, the rate was 7.6% in 2019. The rate for California is 8.3%, and the national rate is 5.5%. The original outlook for our local economy to recover was very slow; however, after enduring over a year of the pandemic, that outlook has changed, and we are expecting to be back to pre-pandemic revenues very soon.

The City continues to provide economic development programs designed to stimulate job creation by providing fee incentives to promote industrial and office construction and a program designed to revitalize underperforming retail facilities by providing a sales tax rebate to retailers that move into currently vacant properties. Staff will continue to attend economic development conferences to market Chowchilla. In addition, the City approved a new Development Impact Fee (DIF) reduction program that takes effect July 1, 2021. This is a city-wide 50% reduction of DIF if building permits are pulled before June 30, 2023. With all of the incentives Chowchilla provides to spur development, we have seen increased housing, retail and industrial inquiries.

The City's economic development efforts are attracting new business opportunities and enhancing current business activity. The City recognizes that the best way to reach a healthier economy is to encourage private sector investment in business and industry to employ our residents. As a result, the economy will be stronger for it, and the revenue to support the desired quality of life in the community will become more reliable.

The City recently adopted a specific plan for the area defined in the Chowchilla General Plan as Industrial. This region, consisting of 2,000 acres situated at the intersection of two major freeways: SR 99 and SR 152, is the Chowchilla Industrial Specific Plan and aims to lay out the requirements necessary to attract food processors, manufacturers, and fulfillment centers. The City also approved a Zoning Ordinance update that will simplify future development.

The City formed a Community Facilities District in 2006 to help with capital infrastructure, which would be needed for future development and address the ongoing service needs of developments. This district is currently being re-evaluated. A new Fiscal Impact Analysis study is being performed to look into the services assessment component and a new DIF nexus study to look at the infrastructure needs. The current configuration of the CFD has maximum assessments based on the issuance of up to 50 Million Dollars in bonds, and we are not sure that

much bonding authority is needed. The maximum assessments have been an economic development obstacle for quite some time, and we are hoping that reducing maximum assessments will encourage more development.

The City is excited about the recent increase in economic development activity. One major project of note is that a Fortune 500 retail company has selected Chowchilla as its preferred location for a distribution center. They began preliminary work, and we are currently in the CEQA phase of the project. That process should be completed in approximately six months. This project will bring roughly 280 jobs to our community.

As new commercial and industrial development takes shape, the City must create the foundation for future growth and provide constructive guidance during the development of existing regions. The City will also work with businesses locating downtown to comply with the Downtown Design Standards approved by Council.

The Fiscal Year 2021-2022 operating and capital improvement budget addresses the priorities of the City and its citizens as guided by the City's Strategic Plan. It continues to provide the essential services for the community within the available resources according to the City's fiscal policies. It also provides high-quality public safety services, improves and upgrades the City's infrastructure, directs resources to economic development, and addresses fiscal responsibility with adequate General Fund reserve levels.

The City is actively pursuing multiple tasks to stimulate economic growth. For retail attraction, this includes the City's vacant building program designed to incentivize new businesses to move into retail businesses sitting vacant. In addition, to draw new business activity to the downtown, the City waives all building permit fees for downtown projects, including new buildings and renovation of existing buildings. The City has also instituted a DIF reduction program that encourages developers to build throughout Chowchilla.

In industrial incentives, the City continues its business-friendly approach by deferring the collection of development impact fees until the certificate of occupancy. It allows deferral and financing of development impact fees for a period of up to ten years. There are two methods for achieving this financing. Chowchilla can apply 75% of the resulting increase in property tax collections from a new business toward development impact fees, or Chowchilla can apply 50% of the resulting increase in sales tax collections from a new business toward the development impact fee. In addition, to encourage local hiring development, impact fees can be reduced by \$4,000 for every permanent local job created that meets the program's criteria. That is an increase to the prior year's amount of \$3,500.

The City is a major benefactor of the newly created Federal Opportunity Zone. The Opportunity Zone will provide valuable tax credits for industrial developers building in Chowchilla.

The results of these programs are starting to be seen. These include new businesses on Robertson Boulevard and in the downtown; in Fig Tree Plaza, Joe's Premium Car Wash is under construction; on Prosperity Boulevard with Pacific Auto Center, Jack-in-the-Box submitted plans and a large restaurant chain is in the process of purchasing land; and multiple housing projects are under review for the neighborhoods.

The voters approved Measure N in November 2018, allowing for a 1% sales tax add-on specifically designated for public safety. The collection of this additional sales tax started on April 1, 2019. Monies are allocated between the Police and Fire Departments and will be vital to the growth and efficiency of those departments. Significant accomplishments in the FY 2021/2022 budget are the Police Department Perimeter Security project, new CAD software, fire station expansion, and purchase of a new fire engine.

BUDGET HIGHLIGHTS IN THE FISCAL YEAR 2021-2022 ANNUAL BUDGET

The Annual Budget provides a range of public services and focuses on those core services most essential to our citizens. Over the last several years, the City has built its General Fund reserve level to upward of 40% of operating costs which is well above the GFOA recommendation of 17%, or two months of expenditures. FY 2021/2022 has a project reserve level of upward of 50%. This allows us to use reserves for one-time costs and capital improvements without affecting the operating budget or critical services and maintaining a reserve level above the GFOA recommendation.

JOB CREATION REMAINS A HIGH PRIORITY FOR THE CITY

Over the new fiscal year, the City will continue to draw upon the "tools" put in place by the Council to incentivize new business recruitment as it aggressively pursues new business opportunities in the areas of hospitality, health care, processing, and retail. Projects in planning and negotiation would add many permanent jobs here in Chowchilla, specifically the distribution center that will bring 280+ jobs. In addition, the City plans to continue to actively reach out to prospective businesses through trade shows and events. Finally, efforts to revitalize the downtown will remain a key focus of the City.

LINKED TO JOB CREATION ARE THE PREPARATION OF CITY PHYSICAL INFRASTRUCTURE AND PLANNING PRACTICES FOR ECONOMIC GROWTH

Through the JCI project, the City utilized solar savings to pay for infrastructure improvements such as a water well, water tank, booster pumps, and pressure sustaining valves at the corporation yard. A second water storage tank in our Industrial Area has been constructed as well. The City will begin preliminary planning and environmental work for a new well to be located at the water tank in our Industrial Area. We experienced a supply problem this year when two of our wells went down, and we had a fire all at the same time. We need more redundancy, and this new well will help. If the distribution center project goes through, we will have improvements to Avenue 24 and Chowchilla Boulevard. Efforts will continue to work with housing developers on development agreements and streamlining the planning review process. Additionally, the specific plan for the City's industrial zoned lands will dictate the location of infrastructure needed by prospective industrial developers.

AN AGGRESSIVE CODE ENFORCEMENT ENHANCES CIVIC PRIDE

During the previous fiscal year, CDBG Program Income was used to enhance our code enforcement activity. However, this income wasn't enough to hire a full-time employee; instead, we used a current employee who worked overtime. Measure N has now been utilized to have a full-time position added to see to code enforcement. In addition, the City affectedly enhanced our lien foreclosure program to address severe cases. The lien foreclosure program has successfully cleaned up the derelict property and incentivized outstanding fines to the City, pushing owners to clean up their properties.

ACTIVITIES AT CITY PARKS

Family-friendly parks are vital to the quality of life in Chowchilla. This budget includes community partnerships for our Movies in the Park, Concerts in the Park, and other events that add to the quality of life for our residents. These events serve as positive elements to showcase and market the community as a fun and family-friendly community that can attract new residents and businesses. In addition, we recently added a Farmers Market and Science in the Park that takes place during the same six-week period as the Movies and Music in the park events. These two events have been well received by the community, and we look forward to providing more events at the parks.

CONTINUED STREET AND SIDEWALKS REPAIRS AND ADA COMPLIANCE

Our pavement management system identifies the streets that need the most repair to better focus monies being spent. The Humboldt Storm Drain project and Road 16 reconstruction are in the FY 2021/2022 budget for construction. We are also applying for CDBG grants to address ADA compliance and sidewalk improvements. We were able to team up with Madera County to get the Road 16 reconstruction project accomplished. The County will reconstruct from the SR152 to Avenue 24, and the City will reconstruct from Avenue 24 to Avenue 25. Road 16 is a major thoroughfare and has needed repair for a while; we are pleased to see this project come to fruition.

ENHANCED CITY WEB PRESENCE, WHICH IS VITAL TO A 21ST CENTURY COMMUNITY

We continue to implement enhancements to the City website and seek additional web and software resources to increase community and business services and opportunities through this information portal and facilitate the recruitment and development of new business to Chowchilla.

UPDATE THE MUNICIPAL CODE

The City is continually reviewing and identify outdated Municipal Codes that are no longer applicable. As the modernization progresses, the City will ultimately achieve an up-to-date Municipal Code, along with the associated regulations. We are currently looking to update areas of Business License, Code Enforcement, and Transient Occupancy Tax.

INFORMATION TECHNOLOGY IMPROVEMENTS

The fiscal Year 2020/2021 had some much-needed upgrades for equipment, including upgrading the switches and internet. The Fiscal Year 2021/2022 budget continues to invest in our Information Technology infrastructure. We will be upgrading the council chamber's audio and visual equipment as well as new servers.

BUDGET OVERVIEW

The 2021-2022 Annual Budget for all funds is \$45.96 million, balanced by current revenues and capital reserves. The budget represents a 65% increase compared to expenditures in the Fiscal Year 2020-2021, primarily due to increases in capital projects. The rise in CalPERS costs due to the reduction in the discount rate by CalPERS from 7.5% to 7.0% is phased in, and the appropriate phase has been included in the Fiscal Year 2021-2022 budget. The City previously issued Pension Obligation Bonds to help with the overwhelming costs of the PERS Unfunded Liability.

GENERAL FUND BUDGET (GF)

Total revenues for the General Fund are budgeted at \$10.0 million, plus transfers of \$18,000 from the Successor Agency for General and Administrative cost recovery, and \$1.4 million from Measure N for the fire station expansion, fire engine, Police Department Perimeter Security project, and public safety personnel costs. Property taxes are estimated to have a 3% increase, according to the County Assessor. Sales tax is estimated to be \$1.78 million, which is roughly 3% more than the projected the Fiscal Year 2020-2021 amount and is in accordance with Muni Services projections. The top three revenue sources for the General Fund are represented as follows: Vehicle License Fees – 25% of the total and a 5% increase from the prior year due to the new percentage split resulting from the County lawsuit settlement agreement; Sales Tax – 17% of total and a 3% increase from the prior year total percentage; and Property Taxes – 11% of total and a 3% increase from the prior year. Most of the other revenues in the general fund reflect a minimal 0-2% increase.

Appropriations for the General Fund are \$12.2 million, a \$3 million increase compared to the Fiscal Year 2020-2021. This increase is due mainly to capital projects. Appropriations by major category include the following:

WAGES AND BENEFITS-GF

As a service-providing organization, the most significant cost is our employees, which accounts for 58% of operating expenditures (\$5,580,501). Employee costs increase 8% over the Fiscal Year 2020-2021 primarily due to the agreed-upon increases in the MOU's, increases in health insurance costs, and retroactive adjustments for worker's compensation insurance. The MOU's expired in June 2021; however, we are currently working with the bargaining units on a 1-year extension that includes a 1.25% COLA and essential pay of \$1,750 per employee using the American Rescue Plan Act funds provided by the Federal Government.

OPERATIONS AND MAINTENANCE-GF

This category accounts for 20% of the operating budget (\$1,998,341). It includes general operating costs for departments such as supplies, professional services, and training.

OVERHEAD ALLOCATIONS-GF

This category accounts for 7% of the operating budget (\$674,469). It includes costs related to the Internal Service Funds of Fleet and Information Technology.

CAPITAL IMPROVEMENTS-GF

This category accounts for 21% of the General Fund budget (\$2,609,250). This consists of \$1.05M for PD Perimeter Security, \$1M for fire station expansion, \$200k for park improvements and other equipment/building improvements.

DEBT SERVICE/TRANSFER OUTS-GF

The General Fund's debt service payments are 13% (\$1,310,304) of the operating budget. The Civic Center bond payment is \$351,332, the CREB's bond payment is \$177,872, and the Pension Obligation Bond is \$821,108. The remaining difference is for administrative costs associated with the bonds, such as Trustee and Disclosure fees. The CREB debt service payment is partially offset by the federal government's CREB subsidy, estimated to be \$53,665.

ENTERPRISE FUNDS (WATER, SEWER, AND DISPOSAL)

The City's Water, Sewer, and Disposal budgets are accounted for in separate funds as enterprise (business type) operations. These areas represent a significant portion of the City's overall budget. Enterprise operations need to be self-balancing with sufficient reserves to meet service obligations and debt coverage. Per the proposed Proposition 218, beginning in July 2021, the water rates increase 5%, the Sewer rates increase 5%, and Solid Waste has an 18% increase. While we are projecting growth from a building permit standpoint because we have a few maps being submitted, we do not believe we will have a lot of new housing completed in time to project growth in the number of accounts; that growth should come in the following years.

WATER FUND

The Water Fund has revenues projected at \$3,294,402, reflecting no growth in the number of users and includes the 5% increase from Prop 218 that takes effect July 2021. Appropriations total \$4,059,735. Included in Capital Outlay is \$135,000 for equipment, \$20,000 for abandoning well eight, and \$110,000 for planning & environmental on a new Well 15. Debt service payments total \$622,553, of which \$71,532 belong to the USDA bond that will be paid off in August 2021, \$365,955 for the CREB's bond, and \$160,300 for the State Water Resources Board loan. The CREB debt service payment is partially offset by the federal government's CREB subsidy, estimated to be \$68,211.

SEWER FUND

The Sewer Fund has revenues projected at \$2,002,077 with appropriations of \$2,122,252. This budget includes debt service payments of \$172,931, all attributed to the CREB's bond payment. This is partially offset by the federal government's CREB subsidy, estimated to be \$81,927. Capital Outlay is \$125,000 for a sludge tractor, ½ ton truck, and other miscellaneous equipment.

DISPOSAL FUND

The Disposal fund has revenues projected at \$2,012,430, reflecting no growth in the user fees and an 18% increase in rates. Appropriations total \$1,802,328, which represents increases in waste hauler costs as provided by the agreement. A rate study was performed in Fiscal Year 2019-2020 to look at rates to cover the new contract costs, which resulted in the 18% increase because there has been no increase in rates to the customers in nearly ten years. FY 2021/2022 is the last year of 18% increases and will go to 3% increases in subsequent years and through the current rate study time frame.

CONCLUSION

Although a major focus of the budget discussion is the General Fund because it represents the essential core services delivered to citizens and supported by general tax funds, other funds are no less important. These other funds include the special revenue funds, enterprise funds, redevelopment/successor agency funds, internal service funds, and debt service funds. All of these funds are balanced for the Fiscal Year 2021-2022, utilizing current revenue and reserves, where appropriate. We believe we are coming out of the pandemic from a financial impact standpoint and have budgeted accordingly. We are expecting growth in the residential, industrial and commercial sectors.

The voters approved measure N on the November 2018 ballot. It allows for a 1% sales tax add-on that is designated specifically for public safety. There is a projection of roughly \$2.1 million in the budget allocated between Police and Fire departments for personnel, equipment, and capital projects. Per the requirements of the Measure, the General Fund must allocate 44%-48% of total expenditures to public safety. That percentage is 53% for Fiscal Year 2021/2022, 45% for Police, and 8% for Fire.

This budget does not include any funds from the American Rescue Plan Act (ARPA). At the time of this budget, we have not received funds, and we have not decided how to use the funds. Staff will bring an item to Council that will modify the budget for the revenues and related expenditures.

The 2021-2022 Annual Budget addresses goals by which the community will measure its success and continue to meet the essential service needs for the community within budgetary constraints pursuant to the City Council's goals. The budget increases Public safety service levels and provide much-needed capital improvements with Measure N; it also continues to provide substantial investment in planned installation, maintenance, or upgrades to roads and sidewalks with the uses of CDBG, grant funding, and reserves; directs resources to economic development and support for job creation; proposes to maintain partnerships with volunteers and community organizations to meet community service needs, and expenditures are balanced with current revenues and designated reserves for specific projects. For these reasons, I recommend the budget for consideration and adoption by the City Council.

I wish to thank the City Leadership Team for their diligence in preparation and understanding the relationship of this budget to the goals established by the City Council in our Strategic Plan. I believe we have addressed many goals and concerns the City Council has brought to my attention as being a priority. I also wish to thank the City's employees for their unwavering commitment to excellence in public service and their willingness to share in the financial sacrifices that are necessary in order to keep our core services intact, which is allowing Chowchilla to be on a sound financial footing. I especially wish to thank the City Council for its support during the pandemic this past year and its desire to improve the City's quality of life through the careful application of its citizen's tax dollars.

Respectfully submitted,

Rod Pruett
City Administrator

COMMUNITY PROFILE

In the spring of 1844, John Fremont and his exploration party first observed settlements of the local tribal inhabitants along several channels of the Chowchilla River. However, the vision of what was to become the Chowchilla area did not occur until the arrival of O. A. Robertson in 1910.

Born in Prosperity, PA in 1858, Mr. Orlando Alison Robertson started a business of land speculation in the western states. Around 1910, Robertson became interested in the Chowchilla area. He held ambitious hopes for transforming the land into prosperous farms owned by happy people. In May of 1912 he purchased the Chowchilla Ranch, divided it into tracts for sale to farmers, and set aside the northeast corner for the town that became known as Chowchilla.

Robertson's ambitious plans were soon carried out with the creation of town streets and country roads that included the 12-mile palm tree lined Robertson Boulevard, a large hotel and office buildings, followed soon with a town water system and streetlights. Following an extensive national advertising program, the colonization project grand opening was held on October 15, 1912. Some 4,000 people responded to the invitation to look over the new land, see the rodeo and partake of the free barbecue lunch at noon.

In 1917 Robertson added 40,000 acres of adjoining property and another 26,000 acres in 1919. Chowchilla truly became the "Gateway to Prosperity" and was incorporated as a city on February 7, 1923.

Today, Chowchilla is one of two cities in Madera County, encompassing 11-square miles and a 2014 estimated population of 18,909. Chowchilla is surrounded by some of the world's richest and most productive agricultural areas. Chowchilla is strategically positioned at the intersection of two vital state transportation thoroughfares. State Highway 99 is the primary north-south roadway traversing the state and State Highway 152 parallels the southern border of the community and is one of the few major transportation arteries providing a direct link to the Pacific coastline. Many of California's iconic travel destinations, from National Parks to the San Francisco Bay Area and the Pacific Coast are within an easy two-hour drive.

Chowchilla sits at 240 feet elevation and has a climate of abundant sunshine with dry, hot summers (average 95 degrees in July) and mild to cool winters (average 54 degrees in December) with a majority of the annual 12 inches of precipitation received from December through March.

The community has an established commercial downtown surrounded by a mix of varied older homes. Newer housing developments are located on the east and west sides, as well as retail properties and industrial developments with more in the planning stages that will further enhance the value of the community. Two school districts provide a strong educational foundation for families. The City also boasts an airport, an 18-hole public golf course, the Chowchilla-Madera County Fairgrounds and three public parks. Numerous events are presented by the City, the fairgrounds and local service organizations that attract locals as well as regional visitors. The area offers one of the more affordable lifestyle opportunities in the Central Valley and is statistically one of the region's safest cities.

TYPE OF CITY	General Law	POPULATION TREND
FORM OF GOVERNMENT	City Council/City Administrator	1995 10,483
LAND AREA	11 square miles	2000 14,568
NUMBER OF HOUSING UNITS	4,337	2005 16,379

CITY COUNCIL CORE VALUES

MISSION

Deliver exemplary services that are responsive to community priorities, ensure a healthy and sustainable organization, and drive us toward our shared vision for the future.

VISION

Embrace a rich heritage of small-town appeal as a diverse family-oriented community with quiet and attractive neighborhoods, a growing downtown vitality, and vibrant local activities, where community isn't just a word, but a way of life.

VALUES

As an organization, we uphold the following values:

ACCOUNTABILITY

We are accountable to each other and the community we have sworn to serve.

INNOVATION

We encourage the advancement of our services and programs through inquiry, evaluation, problem solving and continual improvement.

PROFESSIONAL EXCELLENCE

We are dedicated to the pursuit of excellence and the demonstration of high professional standards.

RESPECT

We believe in the dignity of every individual and value all members of the community and organization.

TEAMWORK

We are committed to a teamwork environment where every stakeholder is a valued contributor to our success.

TRUSTWORTHINESS

We embolden trustworthiness as it encompasses such qualities as honesty, integrity, loyalty and reliability.

GOALS

Provide a safe and secure community

Strengthen infrastructure and become proactive in the planning of services, finances, and processes

Fiscal reinforcement and growth

Quality of life and sense of place

Economic development and revenue production

STRATEGIC PLAN GOALS AND OBJECTIVES

GOAL ONE

PROVIDE A SAFE AND SECURE COMMUNITY

Police Department

1. Promote a proactive environment within the department as exemplified through our services
2. Develop collaborative crime prevention resources and programs to empower residents – in partnership with the Police Department – to become the first level of defense, neighborhoods the second level, followed by businesses as the third level
3. Enhance policing partnerships with neighboring agencies, such as Madera County COPS (Citizens On Patrol)

Fire Department

4. Increase recruitment activities to enhance the volunteer firefighter crew
5. Strive to meet the elements of favorable ISO Ratings (e.g. Maintain vital firefighting infrastructure including fire hydrants)
6. Coordinate with the Department of Public Works to maintain the City's firefighting infrastructure
7. Conduct commercial fire inspections regularly
8. Promote the residential smoke detector program
9. Develop and implement additional fire safety education programs
10. Enhance partnerships with neighboring entities with the purpose of enhancing firefighter training programs and opportunities

Code Enforcement

11. Coordinate enforcement efforts among the Building, Fire and Police Departments
12. Enforce the City's Municipal Codes through a combination of constructive tools and aggressive compliance measures

GOAL TWO

STRENGTHEN INFRASTRUCTURE AND BECOME PROACTIVE IN THE PLANNING OF SERVICES, FINANCES, AND PROCESSES

1. Develop a Capital Improvements Program with regular updates around which we develop budget priorities

2. Update the Pavement Management Program
3. Coordinate with Madera County Transportation Commission (MCTC) to pursue funds for road maintenance
4. Develop an Infrastructure Master Plan to include water/sewer, storm drains, sidewalks, parks, etc.

GOAL THREE

FISCAL REINFORCEMENT AND GROWTH

1. Maintain an accurate and consistent Five-Year Financial Plan
2. Seek new and innovative revenue streams
3. Adhere to existing fiscal policies; regularly review and update the policies as needed; and develop new ones as needed
4. Maintain a strong, healthy reserve
5. Maintain and improve the City's bond rating

GOAL FOUR

QUALITY OF LIFE AND SENSE OF PLACE

1. Utilize existing amenities to increase activity, citywide functions and visibility (including Berenda Reservoir, airport, parks, fairgrounds)
2. Consider use of the airport for private sector events such as fly-ins
3. Encourage greater business sector involvement/participation in all community events
4. Enhance recreational activities provided by the Senior Center
5. Increase recreational activities and programs for all ages
6. Work with the Chamber of Commerce for a downtown street banners program
7. Partner with other organizations to provide youth activities and programs
8. Build a stronger relationship with the Greenhills Estates Homeowners Association, including conducting an annual joint-meeting with the City Council
9. Partner with the Chowchilla High School District to open the high school pool for public activities in the summer
10. Research opportunities for park enhancements and modernizations (such as a spray park) with an emphasis on parks in low-moderate income neighborhoods

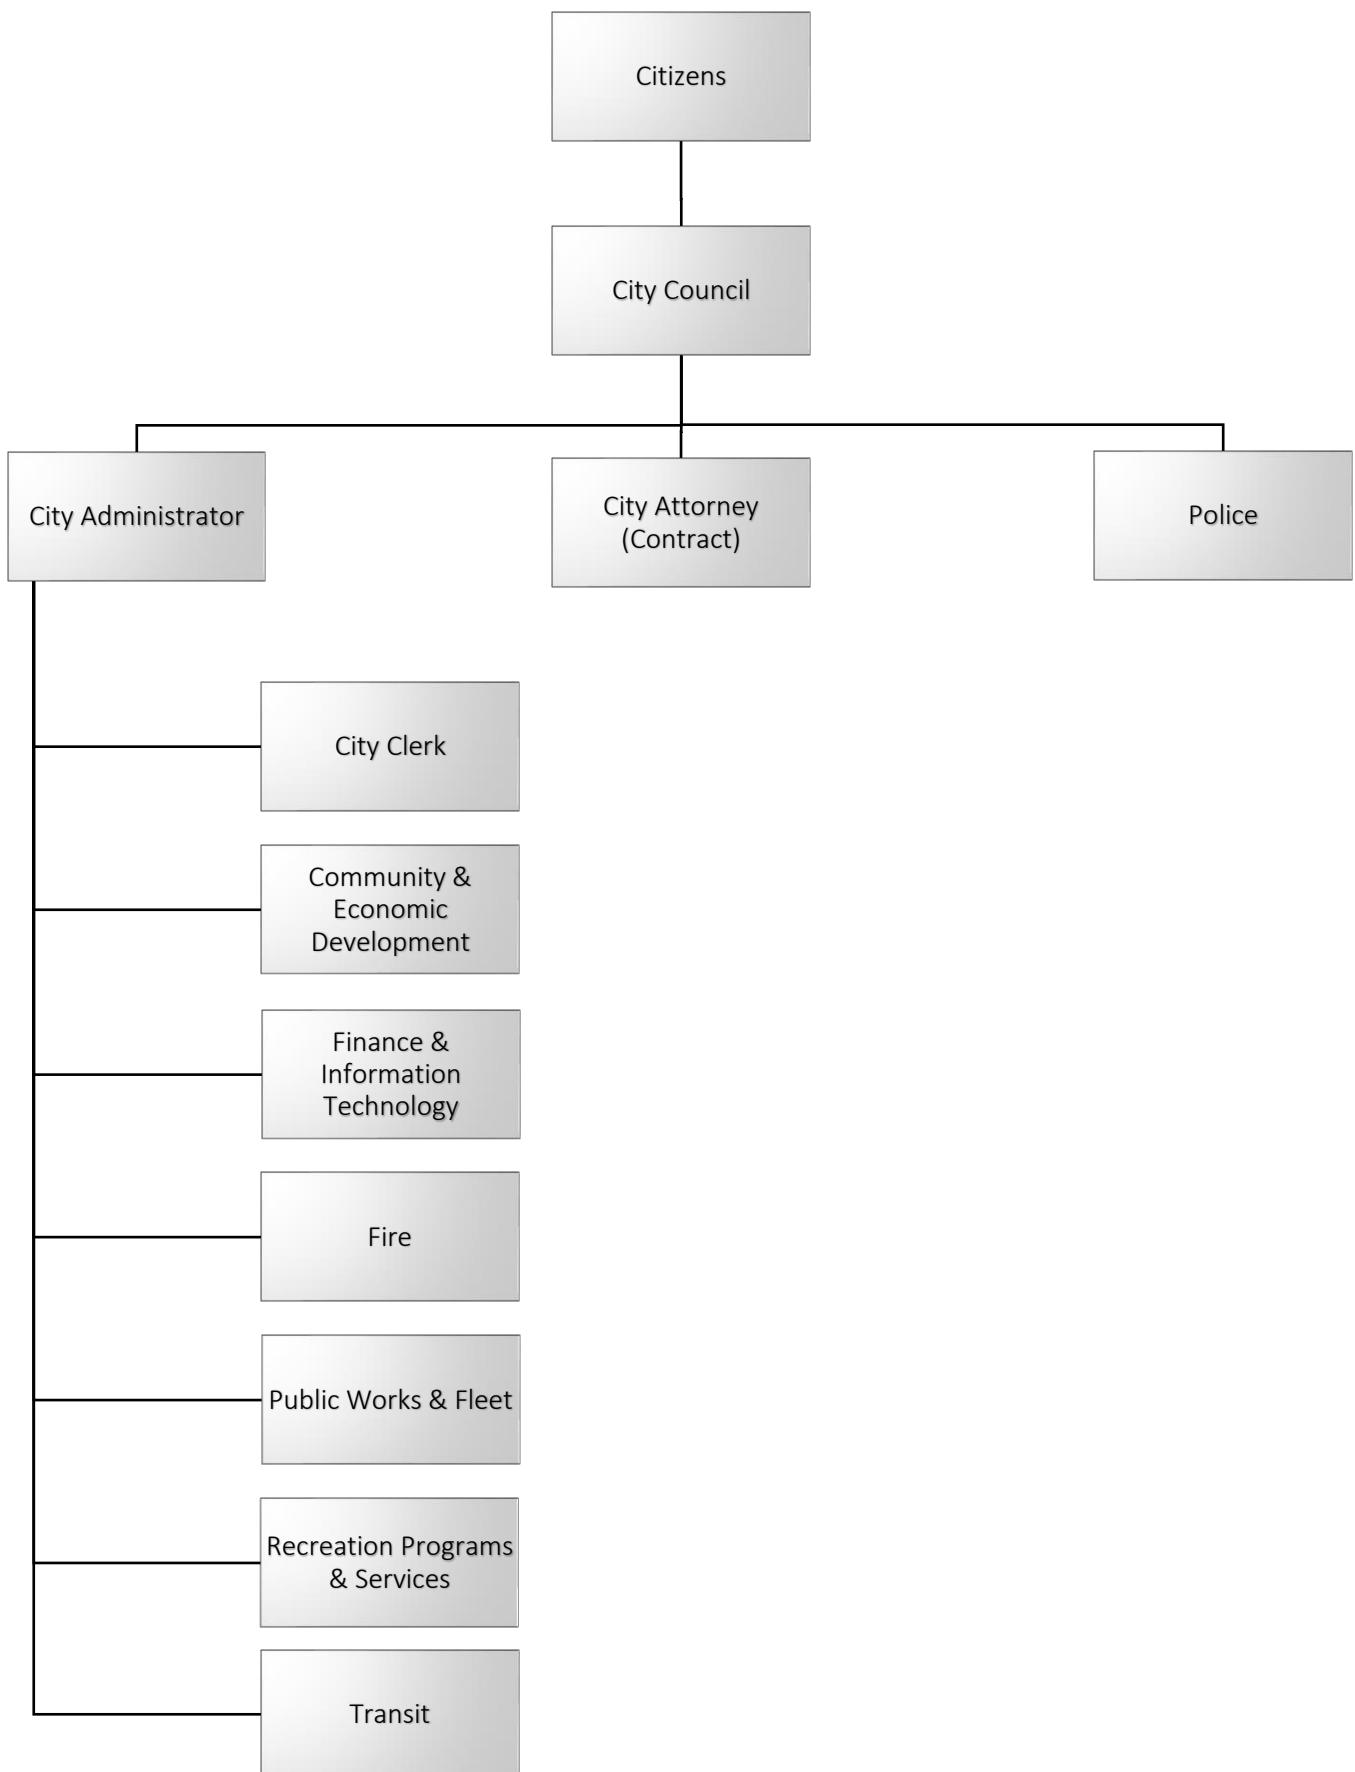

11. Evaluate opportunities for food truck events
12. Utilize shopping centers, large parking lots, parks, fairgrounds, or sections of streets to regularly host classic car shows
13. Work with Chowchilla Fair and Event Center staff on facility development and utilization

GOAL FIVE

ECONOMIC DEVELOPMENT AND REVENUE PRODUCTION

1. Collaborate with school districts on locating new facilities
2. Explore the opportunity for City-owned and leased business operations in City-owned buildings
3. Develop community-centric housing projects
4. Market the city to the family friendly entertainment industry (such as a jump zone, bowling alley, theater, miniature golf, etc.)
5. Complete a feasibility study for long-haul truck parking on vacant City-owned properties (south side)
6. Pursue retail opportunities in the downtown area and along the Highway 99 corridor
7. Develop new marketing ideas and opportunities for industrial properties
8. Participate in retail and industrial trade shows to attract future businesses
9. Complete the Industrial Specific Plan and complementary infrastructure

CITY ORGANIZATIONAL CHART

INTRODUCTION AND OVERVIEW OF BUDGET

BUDGET OVERVIEW

SUMMARY OF BUDGET PARAMETERS AND KEY ASSUMPTIONS

Propose and adopt a balanced budget keeping expenditures within projected revenue and other available funding sources.

Maintain established core level of services and ensure any new services, initiatives or programs meet the goals and objectives established by City Council and can be funded with new or existing resources.

Maximize opportunities to cover departmental and support activity costs from restricted revenues.

Non-recurring revenues are only used for non-recurring expenses.

Review special and major maintenance or capital projects and recommend funding for only those projects that are high priority or essential to the fiscal year.

Fund reserve levels according to the City Council approved Reserve Policy.

No activities relating to the Johnson Controls Projects have been included.

Personnel cost are estimated from the agreed upon MOU's from all bargaining units.

BUDGET GUIDE

The budget is the City's fundamental policy document. It describes the City's goals and objectives and indicates how resources are allocated to achieve those goals. In addition to its role as a policy document, the budget also serves as a financial plan, an operations guide and a communication tool.

The City of Chowchilla keeps tracks of its activities in self-balancing sets of accounts called funds which are the basic accounting and reporting components in governmental accounting. Funds are designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain functions or activities.

Some funds are established to track activities required by law (i.e. gas tax fund), some fulfill revenue requirements (CDBG, Measure T funds), and others demonstrate prudent administrative practices (internal service funds such as Fleet and Information Technology).

Budget years run in fiscal year cycles beginning July 1 and ending June 30. The city budget is approved and balanced by fund. Then some of the fund balance dollars are held for future expenses for several reasons. Special taxes, such as the gas tax, are restricted to specific services and must be carried forward for that purpose (in this case street improvements). Other balances may result from legal requirements, such as payment for long term debt for bonds.

There are several types of revenue that the City receives. Some revenues are restricted to certain uses by law; other revenues are payment for a specific service provided to its customers, while other revenues come from state and federal agencies.

BASIS OF ACCOUNTING – FUND ACCOUNTING

The accounts of the city are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures or expenses, as appropriate. Government resources are allocated to and account for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled.

Governmental Fund Types

Governmental funds are used to account for all of the City's general activities, including the collection and disbursement of earmarked moneys (special revenue funds), the acquisition of or construction of general fixed assets (capital project funds) and the servicing of general long-term debt (debt service funds). The General Fund is used to account for all the activities of the general government not accounted for in some other fund.

Proprietary Funds

Proprietary funds are used to account for activities similar to those found in the private sector, where the determination of net income is necessary or useful to sound financial administration and the primary intent is to recover the costs of providing the goods and services through user charges.

Goods or services from such activities can be provided either to outside parties (enterprise funds) or to other departments or agencies primarily with the government (internal service funds).

Fiduciary Funds

Fiduciary funds are used to account for assets held on behalf of outside parties in a trustee capacity. Successor Agency to the Chowchilla Redevelopment Agency falls within this category. The Agency funds for the Greenhills and Pheasant run Special Districts are also in this category.

Each fund and its purpose are described further as follows.

BASIS OF BUDGETING

The budget is adopted consistent with generally accepted account principals as expressed by the Governmental Accounting Standards Board. The budgets of the governmental fund types (General Fund, special revenue, capital projects, and debt service) are prepared on a modified accrual basis. This means expenditures are recorded when the liability is incurred and revenues are recognized if they are received during the fiscal year or shortly thereafter. In addition, the City treats encumbrances as expenditures only for budgetary control purposes. Encumbrances open at year-end are reported as reservations of fund balances since they do not constitute expenditures or liabilities. Available expendable resources include beginning fund balance and current year revenues and transfers from other funds.

The basis for establishing the spending plans for the proprietary fund types, internal service funds (fleet and information technology), and enterprise funds (water, wastewater, disposal, storm drain and airport) are on a full accrual basis. Expenses are recorded when the liability is incurred and revenues are recognized when the service is provided. Available expendable resources for proprietary funds included beginning working capital, current revenues and transfers in. Beginning working capital is defined as current assets minus current liabilities, in other words, cash available to pay expenditures.

DESCRIPTION AND PURPOSE OF ACCOUNTING FUNDS

GOVERNMENTAL FUNDS

General Fund

The General fund is the City's general operating fund. It is used to account for all financial resources except those required to be accounted for in another fund. The primary revenue sources are property tax, sales tax and intergovernmental revenue.

State Gas Tax Fund

This fund is used to account for receipts and expenditures of monies apportioned to the City under the Streets and Highways Code Sections 2103, 2105, 2106, 2107 and 2107.5 of the State of California.

Road Maintenance and Rehabilitation Account (RMRA)

This fund is used to account for receipts and expenditures of monies apportioned to the City to address deferred basic road maintenance, rehabilitation and critical safety projects on the local streets and roads system under the Streets and Highways Code Sections 2032(h) of the State of California.

Regional Surface Transportation Fund (RSTP)

This fund is used to account for receipts and expenditures of monies apportioned to the City from Caltrans through the Madera County Transportation Commission for projects on highways, bridges, tunnels, public roads, pedestrian and bicycle infrastructure and transit capital and intercity passenger projects

Streets and Roads Fund

This fund is used for the construction and maintenance of the street network system of the City. Financing is provided by allocations from the County Local Transportation Funds (LTF) created by the Transportation Development Act (TDA).

Landscape and Lighting Maintenance District Funds

These funds are used to account for the assessments received from property owners and the maintenance expenditures for the districts.

Measure N Fund

The voters approved Measure N in November 2018 which allows for a 1% sales tax add-on designated specifically for public safety. Collection of this additional sales tax started on April 1, 2019. Monies are allocated between the Police and Fire Departments and will be vital to the growth and efficiency of those departments.

Measure T Fund

This fund is used to account for streets and roads related expenses. The monies are received from Madera County Transportation Commission (MCTC) for projects including street maintenance and improvements; pedestrian facilities; including sidewalks, paths, walkways or equivalent facilities; bicycle facilities; American disability Act (ADA) compliance; Funding is provided by the countywide 1/2 cent transportation sales tax imposed in Madera County for twenty years.

Transit Fund

This fund is used for the CATX and CAT LINX transit systems. Funding is provided by the Local Transportation Fund (LTF), State Transit Assistance (STA), Federal Transit Administration (FTA) Section 5311, and charges for services such as fare box revenues and bus passes.

Community Development Block Grant (CDBG) Fund

These funds accounts for the approved projects that have been funded by Federal Community Development Block Grant funds received. A constant fund for Program Income and individual funds for open grants is used.

HOME Grant Funds

These funds account for the California Department of Housing and Community Development grant to provide first-time low-income homebuyers down payment assistance and low-income homeowners rehabilitation assistance. A constant fund for Program Income and individual funds for open grants is used.

Economic Development Block Grant (EDBG) Fund

This fund accounts for the program income activities from previous EDBG grants. There are no active EDBG grants currently.

Developer Fees Funds

These funds accounts for fees placed on the development of land. Fees are an offset to the future impact that the development will have on infrastructure.

Capital Project Funds

These funds accounts for capital improvements/projects.

Debt Service Funds

These debt service funds account for all debt issued by governmental funds, including those issued by the Chowchilla Public Financing Authority.

PROPRIETARY FUNDS

Water Fund

Accounts for the financial activity relative to construction, maintenance and repairs of the City's water delivery system.

Wastewater Fund

Accounts for the financial activity relative to construction, maintenance and repair of the sanitary sewer system.

Disposal Fund

Accounts for activities related to refuse collections, street sweeping and recycling services.

Storm Drain Fund - Accounts for activities related to construction, maintenance and repair of storm drains

Airport Fund

Accounts for activities related to construction, maintenance and repair of the airport

Fleet Fund

This internal service fund is used to account for the maintenance and acquisition of city owned vehicles

Information Technology Fund

This internal service fund is used to account for acquisition, replacement and support services for both computer hardware and software.

FIDUCIARY FUNDS

Community Facilities District Fund

This fund accounts for the Community Facilities District 2006-1 which levies a special tax in the District comprised of developing areas. The tax provides for the repayment of bonds issued for facility improvements related to wastewater system, streets and roads, water supply, and storm drainage collection.

Successor Agency Fund

This fund is used to account for the activities of the Successor Agency to the Chowchilla Redevelopment Agency.

Greenhills Special Assessment District Fund

This fund is used to account for the debt service payments and administrative cost of the special district.

Pheasant Run Special Assessment District Fund

This fund is used to account for the debt service payments and administrative cost of the special district.

BUDGET DEVELOPMENT PROCESS

The budget represents the financial plan for the City of Chowchilla. This document concludes an ongoing process involving input from everyone in the community. Budget development is a process which begins in January and continues until the budget is adopted by the City Council in June.

REVIEW OF GOALS

There are several goals associated with preparation and development of the City's document. First, the budget is a financial plan and management tool. The document should assist staff in monitoring revenues and expenditures and in evaluation the effectiveness of City activity and services. Second, the budget serves as an important reference document. It should provide staff, City Council and the general public with extensive information on the nature and scope of city operations and services.

DEPARTMENT BUDGET REQUESTS

The Finance Department issues revenue and expenditure budget sheets listing the prior three-year actual expenditures, current year appropriation amounts and space to input budget requests for the upcoming year. The departments fill out the forms providing sufficient justification for significant changes in revenues or expenditures. All budget requests are returned to the Finance Department.

BUDGET REVIEW AND ANALYSIS

Department budget requests are reviewed by the City Administrator and the Finance Director with the Department Head to ensure that the intent of all budget requests is understood and complete. The budgets are analyzed in various ways including evaluation of historical expenditure patterns as well as departmental operations. Spending priorities are based on the City's financial policies and mandated requirements focusing on service levels, covering bond requirements and the balancing of manpower, supplies and equipment. After the reviews, the management staff makes their final adjustments and recommendations for presentation to City Council.

CITY COUNCIL ADOPTION

In May the proposed budget is printed and distributed and public hearings and workshops are scheduled. After receiving input from the public, city commissions, and City Council final adjustments are made, a public hearing is conducted at the second council meeting in June and the budget is adopted.

BUDGET AMENDMENTS

Following the adoption of the budget, it is sometimes necessary to amend the budget. Appropriations in the budget may be adjusted by recommendation of the Finance Director and approval by the City Administrator within the guidelines set forth in the approved budget Resolution, otherwise, Council approval is required.

BUDGET CALENDAR

JANUARY

- Mid-Year Budget review – preliminary process begins
- Department Heads meet with Finance to go over mid-year updates in detail

FEBRUARY

- Mid-Year Budget is presented to Council
- Departments work on year end and next year Operating and Capital budgets
- Departments review their portions of the Master Fee schedule for updates
- Public participatory process begins- Mailers sent out in utility bills requesting input for most significant areas of need

MARCH

- Budget instructions are distributed to Department Heads
- Department Heads begin to meet with Finance
- Request for new resources are vetted against competing requests/priorities and for alignment with strategic goals of the City
- Public participatory budget process continues- Town Hall meeting

APRIL

- Remaining budgetary issues are addressed through detailed analysis
- Finance begins putting together the Draft Budget
- Mid-Year budget is updated with most current revenue and expense projections
- Department Heads review budget with City Administrator and Finance Director

MAY

- Budget Workshop with Council and the public
- Additional Budget workshops, if necessary
- Finance Director finalizes proposed budget with City Administrator's recommendations

JUNE

- Council motions to revise proposed budget are voted on
- Budget is scheduled for adoption
- Other documents typically associated with the budget are voted on
- Adoption of the proposed budget is set for the 2nd Council meeting in June
- Once adopted, the proposed budget becomes the Adopted Budget
- Adopted Budget is posted on the City Website and sent to interested stakeholders

BUDGET GUIDE GLOSSARY

GLOSSARY OF BUDGET TERMINOLOGY

The City's Budget contains specialized and technical terminology that is unique to public finance and budgeting. To assist the reader in understanding the terminology, a glossary of budgetary terminology has been included in this document.

Accrual Basis of Accounting

Revenues are recognized when both measurable and available; expenditures are recorded when services have been substantially performed or goods have been received and the liabilities incurred.

Ad Valorem Taxes

Ad Valorem (means "according to its value") commonly referred to as property taxes, are levied on both real and personal property according to the property's valuation and the tax rate.

Adopted Budget

Revenues and appropriations approved by the City Council in June for the next fiscal year.

Agency Fund

Used to account for assets held by the City in a fiduciary capacity for individuals, government entities and others. Such funds are operated by carrying out the specifications of trust indentures, statutes, ordinances, or other governing regulations.

Allocated Costs

An expense charged by one department/division to another for services performed for expenditures of a general nature that are charged to one main account and allocated to other departments/divisions by a specified formula.

Annualize

Taking changes that occurred mid-year and calculating their cost for a full year, for the purpose of preparing an annual budget.

Appropriation

An authorization made by the City Council that permits the City to incur obligations and to make expenditures of resources.

Arbitrage

The interest rate differential that exists when proceeds from a municipal bond – which is tax free and carries a lower yield – are invested in taxable securities with a yield that is higher. The 1986 Tax Reform Act made this practice by municipalities illegal solely as a borrowing tactic, except under certain safe-harbor conditions.

Assessed Valuation

A municipality's property tax base stated in dollars based on real estate and/or other taxable business property for the purposes of taxation, sometimes expressed as a percent of the full market value of the taxable property within a community.

Asset

Resources owned or held by a government that has monetary value.

Authorized Positions

Employee positions that are authorized in the adopted budget to be filled during the year.

Available (Undesignated) Fund Balance

This refers to the funds remaining from the prior year that are available for appropriation and expenditures in the current year.

Bond

A long term I.O.U. or promise to pay. It is a promise to repay a specified amount of money (the face amount of the bond) on a particular date (the maturity date). Bonds are primarily used to finance capital projects.

Budget

A financial plan for a specific period of time (Fiscal Year) that matches all planned revenues and expenditures with various municipal services.

Budget Amendment

A legal procedure utilized by City staff to revise a budget appropriation. City staff has the prerogative to adjust expenditures within or between departmental budgets. Council approval is required for additional appropriation from fund balance or new revenue sources.

Capital Assets

Assets of significant value and having a useful life of several years. Capital assets are also called fixed assets.

Capital Improvements

Expenditures related to the acquisition, expansion or rehabilitation of an element of the government's physical plant; sometimes referred to as infrastructure.

Capital Improvement Program

A plan for capital expenditures to provide for the acquisition, expansion or rehabilitation of an element of the City's physical plant to be incurred over a fixed period of several future years.

Capital Outlay

Expenditures relating to the purchase of equipment, land and other fixed assets.

Capital Project

Major construction, acquisition, or renovation activities which add value to a government's physical assets or significantly increase their useful life. Also called capital improvements.

Capital Reserve

An account used to segregate a portion of the government's equity to be used for future capital program expenditures. The amount of capital reserve is roughly equal to the government's annual equipment depreciation and an amount identified as being needed for future capital acquisition.

Contingency

A budgetary reserve set aside for emergencies or unforeseen expenditures not otherwise budgeted.

Contractual Services

Services rendered to a government by private firms, individuals, or other governmental agencies. Examples include utilities, rent, maintenance agreements and professional consulting services.

Cost Recovery

The establishment of user fees that are equal to the full cost of providing services.

Debt Service

The cost of paying principal and interest on borrowed money according to a predetermined paying schedule.

Dedicated Tax

A tax levied to support a specific government program or purpose.

Deficit

The excess of an entity's liabilities over its assets or the excess of expenditures or expenses over revenues during a single accounting period.

Department

A major administrative segment of the City that indicates overall management responsibility for an operation or a group of related operations within a functional area.

Depreciation

Expiration in the service life of capital assets attributable to wear and tear, deterioration, action of the physical elements, inadequacy or obsolescence.

Development-related Fees

Those fees and charges generated by building, development and growth in a community. Included are building and street permits, development review fees, and zoning, planning and subdivision fees.

Division

A unit or organization that reports to a department.

Employee Benefits

Contributions made by a government to meet commitments or obligations for employee fringe benefits. Included are the government's shares of costs for Social Security and the various pensions, medical and life insurance plans.

Encumbrance

Obligations in the form of purchase orders, contracts or salary commitments that are chargeable to an appropriation and for which a part of the appropriation is reserved. They cease to be encumbrances when the obligations are paid or otherwise terminated.

Enterprise Fund

A fund established to account for activities that are financed and operated in a manner similar to private business enterprises, where costs of providing services to the public are recovered through user fees. The City of Chowchilla includes four enterprise funds which are the water utility, sewer utility, disposal service and ambulance service.

Expenditures

Utilization of fund resources. Expenditures include operating expenses, debt service and capital outlays.

Expenditure Category

A basis for distinguishing types of expenditures. The major expenditure categories used by the City of Chowchilla are: salaries and benefits, services, supplies, capital outlay, debt service/other (allocated costs).

Expense

Charges incurred (whether paid immediately or unpaid) for operations, maintenance, interest, or other charges.

Financial Strategies

Method or means to guide the City in making financial decisions and to insure a secure financial future. Financial strategies are fundamental policy guidelines regarding specific financial issues that are accompanied by an implementation plan.

Fiscal Year

A twelve-month time period signifying the beginning and ending period for recording financial transactions. The City of Chowchilla has specified July 1 through June 30 as its fiscal year.

Fixed Assets

Assets of long-term character that are intended to continue to be held or used, such as land, buildings, machinery, furniture, and other equipment.

Full-time Equivalent Positions (FTE)

A part-time position converted to the decimal equivalent of a full-time position based on 2,080 hours per year. A half time position would be entered as 0.5 and would represent 1,040 hours. If a position is required for only 900 hours during the year, then the equivalent FTE is derived by dividing 900 by 2,080 and computed as an FTE value of 0.43.

Fund

A fiscal and accounting entity for which the recording of financial transactions is made for the purpose of carrying on specific activities in accordance with the requirements placed upon the use of financial resources.

Fund Balance

The equity (assets minus liabilities) of a governmental fund and fiduciary fund types. However, for budgeting purposes, a working capital definition of current assets minus current liabilities is used for the computations

General Fund

A fund used to account for the major operating revenues and expenditures of the City, except for those financial resources that are required to be accounted for in another fund category. General Fund revenues are derived primarily from property and other taxes.

General Obligation (G.O.) Bond

A bond secured by a pledge of the issuer's taxing powers (limited or unlimited). More commonly the general obligation bonds of local governments are paid from ad valorem property taxes and other general revenues. Considered the most secure of all municipal debt. Limited by Proposition 13 to debt authorized by two-thirds vote in the case of local governments or a simple majority for State issuance.

Generally Accepted Accounting Principles (GAAP)

Uniform minimum standards of and guidelines for financial accounting and reporting. They govern the form and content of the basic financial statements of an entity. GAAP encompasses the conventions, rules and procedures necessary to define accepted accounting practices at a particular time. They include not only broad guidelines of general application, but also detailed practices and procedures. GAAP provides a standard by which to measure financial presentations.

Goal

Broad mission statements which define the purpose of a department.

Governmental Funds

Typically used to account for tax-supported (governmental) activities. These include the General Fund, Special Revenue Funds, Capital Projects Funds and Debt Service Funds.

Infrastructure

The physical assets of a government (e.g., streets, water, sewer, public buildings and parks).

Internal Service Fund

A fund used to account for the services provided by one department to other departments on a cost-reimbursement basis. In the City of Chowchilla this includes the City Administrator, City Clerk/Personnel, Administrative Services, Fuel charges and Risk management.

Line-item Budget

A budget prepared along departmental lines that focuses on what is to be purchased by department.

Materials and Supplies

Expendable materials and operating supplies necessary to conduct departmental operations.

Measure N

Citywide 1% sales tax add-on approved by voters in November 2018 specifically designated for public safety.

Measure T

Countywide ½ cent sales tax imposed in Madera County for transportation for 20 years

Mello-Roost Bond

The Mello-Roos (named after its legislative sponsors) Community Facilities District Act of 1982 established a method where by almost every municipal subdivision of the state may form a special, separate district to finance a long list of public facilities by the sale of bonds and finance certain public services on a pay-as-you-go basis. These Community Facilities Districts are formed and bond issues authorized by a two-thirds vote of the property owners in the district. Typically, the only voters in a district are one or more real estate developers who own or have an option on all of the land in the district. These land-based financings were nicknamed “dirt bonds” by the Bond Advisor years ago. Bonds are sold to finance facilities that can include schools, parks, libraries, public utilities and other forms of infrastructure. The Districts may provide public services that include police and fire protection, recreation programs, area maintenance, library services, flood and storm damage. Bonded debt service and/or the public services are paid for by special taxes levied on the real property within the district. As the developer subdivides and sells of the land the new property owner assumes the tax burden. (Tax delinquencies can lead to fines and penalties and ultimately foreclosure and sale. The ultimate security for Mello-Roos bonds is the value of the real property being taxed; consequently, a provision in the law requires the appraised value of the land to be three times the bonded debt. Recent foreclosure sales have cast doubts on the skills of the appraisers and underscores the risk of some of this debt when a severe real estate slump impact's developers).

Modified Accrual Basis

The accrual basis of accounting where revenues are recognized when they become both “measurable” and “available” to finance expenditures of the current period. All governmental funds and agency funds are accounted for using the modified accrual basis.

Objectives

A simply stated, readily measurable statement of aim or expected accomplishments with the fiscal year. A good statement of objective should imply a specific standard of performance for a given program or stated goal.

Operating Expenses

The cost of personnel, materials and equipment required for a department to function.

Operating Revenue

Funds that the government receives as income to pay for ongoing operations. It includes such items as taxes, fees from specific services, interest earnings, and grant revenues. Operating revenues are used to pay for day-to-day services.

Performance Indicators

Specific quantitative and qualitative measures of work performed as an objective of specific departments or programs.

Performance Measure

Data collected to determine how effective or efficient a program is in achieving its objectives.

Personnel Services

Expenditures for salaries, wages, and fringe benefits of a government's employees.

Program

A group of related activities performed by one or more organizational units for the purpose of accomplishing a function for which the government is responsible.

Program Performance Budget

A method of budgeting whereby the services provided to the residents are broken down in identifiable service programs or performance units. A unit can be a department, a division, or a workgroup. Each program has an identifiable service or output and objectives to effectively provide the service. Performance indicators measure the effectiveness and efficiency of providing the service by the program.

Redevelopment Agency

A legislatively established subdivision of government established to revitalize blighted and economically depressed areas of a community and to promote economic growth. Tax Allocation bonds are issued to pay the cost of land and building acquisition and their redevelopment and are paid by the incremental increase in property tax revenues produced by the increase assessed value of the area after redevelopment. Redevelopment Agencies may also sell Housing Mortgage Revenue Bonds to finance housing units within the area, 20% of which must be for low-cost housing.

Reserve

An account used to designate a portion of the fund balance for a specific future use and is therefore, not available for general appropriation.

Resolution

A special or temporary order of a legislative body; an order of a legislative body requiring less legal formality than an ordinance or a statute.

Revenue

Increases in fund resources. Revenue includes income from user fees, taxes, permits and other sources.

Section

A unit or organization that reports to a division.

Self-Supporting Activities

An enterprise activity where all service costs (including principal and interest debt payments) are covered solely from the earnings of the enterprise.

Special Revenue Funds

Used to account for revenue derived from specific taxes or other earmarked revenue sources (other than expendable trusts or for major capital projects) that are restricted by law or administrative action to expenditures for specified purposes.

Subsidy

Supplemental resources provided to ensure adequate funding when anticipated expenditures exceed revenues.

Supplemental Appropriation

An additional appropriation made by the governing body after the budget year has started.

Tax Levy

The resultant product when the tax rate per one hundred dollars is multiplied by the tax base.

Taxes

Compulsory charges levied by a government for the purpose of financing services performed for the common benefit of the people. This term does not include specific charges made against particular persons or property for the current or permanent benefit, such as special assessments.

Transfer In/Out

Amounts transferred from one fund to another to assist in financing the services for the recipient fund.

Unencumbered Balance

The amount of an appropriation that is neither expended nor encumbered. It is essentially the amount of money still available for future purposes.

User Fees

Payments made by users or customers of publicly provided services that benefit specific individuals. These services exhibit “public good” characteristics. Examples of user fees are fees paid for recreational activities, building fees.

CITY ADMINISTRATION

MISSION STATEMENT

The City Administrator provides leadership and professional management to the City government in service to City Council policies, priorities, and the community's civic values. The guiding principles of the City Administrator are based on the commitment to the highest ethical standards defined in the International City Management Association (ICMA) Code of Ethics, adopted in 1924, that today serve as the foundation for the local government management profession and set the standard for excellence. Leadership in a management structure committed to equity, transparency, integrity, stewardship of public resources, political neutrality, and respect for the rights and responsibility of elected officials and residents strengthens democratic local governance.

ORGANIZATIONAL CHART

SERVICE DESCRIPTION

The City Administrator is an appointed office established by the Chowchilla Municipal Code and under the State of California's laws. The City Council appoints the City Administrator to serve as the City's chief administrative officer. The City Administrator is responsible for administering all operations, finances, activities, and projects consistent with City Council policy directives and applicable municipal, state, and federal laws. The City

Administrator reports to the City Council, is responsible for the day-to-day operation of the City, and provides the Council with recommendations for policies. The City Administrator administers the policies developed by the Council and works with each department to ensure that the procedures are carried out.

The City Administrator appoints and removes all employees on the recommendation of the various department heads and/or dismisses department heads on his own evaluation. The City Administrator coordinates the development and provides administrative control over the annual city budget and monthly expenditures. Among the City Administrator's direct responsibilities is personnel managed by the City Clerk to the Council. The City Administrator also maintains a close working relationship with the Director of the Community and Economic Development Department designed to improve the community's economic vitality. The City Administrator also serves as the Executive Director of the Successor Agency to the Redevelopment Agency (formerly, Redevelopment Agency), whose role is to unwind the obligations of the former RDA.

MAJOR ACCOMPLISHMENTS IN FY 2020-2021

- Provided \$100,000 in business assistance grants to help small businesses during the COVID Pandemic;
- Provided Transient Occupancy Tax (TOT) deferral to assist businesses during the COVID Pandemic;
- Suspended water shut-offs and charging late fees on utility accounts during the COVID Pandemic;
- Sales Tax revenues were not impacted by the Pandemic as much as initially projected;
- Modified staff schedules to allow a work from home option as well as paid administrative leave for those who could not work from home to reduce in-person interaction during the Pandemic;
- Having adequate reserve levels allowed us to weather the storm of the Pandemic with little to no impacts to our employees or services provided to the public;
- The Highway 99 water tank location, which includes booster pumps and pressure sustaining valves, became operational;
- Community outreach has been enhanced through social media platforms;
- News coverage of Chowchilla has been positive, including how the Pandemic has impacted our community and what we have done to address it;
- Worked diligently with High-Speed Rail to come to an agreement on the impacts the project will bring to our community and related mitigation measures they will be required to provide;
- Awarded a HOME grant for housing programs to help with first time home buyers and housing rehabilitation needs;
- Used CDBG Program Income funds towards Code Enforcement and a Storm Drain project;
- Completed environmental work on the Humboldt Storm Drain project, and the project will begin construction in FY 21/22;
- Utilized Measure N Public Safety Sales Tax add-on monies to enhance public safety;
- Several new businesses opened despite the Pandemic;
- Several businesses have submitted plans and are in the review phase with a projected opening in FY 21/22;
- Several housing developments have submitted maps and are eager to start building;
- Council approved a Development Impact Fee Incentive program to help encourage development and growth;
- A Fortune 500 retail company has selected Chowchilla as its preferred location for a distribution center that will provide roughly 280 jobs to our community;
- Tyler financial software began implementation, and all modules should be up and running by July 2021;
- Information Technology was able to upgrade critical IT infrastructure, including but not limited to, work stations, WIFI, and Switches;
- The City created a new Farmer's Market event for the public to enjoy;
- Emphasized city beautification; community cleanup program, median improvements, enhanced code enforcement, reimbursement agreements;

- Entered into a reimbursement agreement with Caltrans, which gives us control when the maintenance gets done in our downtown corridor, and includes palm tree trimming and on/off ramp maintenance;
- Received the GFOA Distinguished Budget Award for the FY 20/21 budget;
- Received an unmodified opinion for the FY 19/20 Audit.

FY 2021-2022 GOALS & OBJECTIVES

The notation in parenthesis corresponds to the City Council Strategic Plan Goals and Objectives listed as the goal number followed by the objective number, ex. G1.1.

- Continue progress in accelerating retail activity in the City (G5.2, G5.4. G5.6, G5.8);
- Expand business activity in the industrial-zoned annexed lands (G5.5, G5.7, G5.8, G5.9);
- Utilize the City website for civic transparency as well as community and business promotion (G4.3,G5.4, G5.7);
- Collaborate with owners of industrial properties to attract industry to the City (G5.5, G5.7, G5.8, G5.9);
- Promote the City at industrial trade shows as well as retail trade shows (G5.8);
- Position the future use of CDBG projects toward downtown enhancements, code enforcement, and infrastructure needs (G3.2);
- Continue to work with all City departments to provide the quality and level of service that citizens of Chowchilla request (G3.3);
- Maintain an ongoing evaluation of the organizational structure of the City of Chowchilla (G3.3);
- Continue to bring Rancho Calera, Legacy, Woodcrest, and Sessions development agreements to a conclusion (G5.3);
- Promote the downtown (G5.4, G5.6, G5.8);
- Continue to assess and enhance the tools used to attract new businesses (G5.2, G5.4. G5.6, G5.8);
- Continue to enhance the quality and coordination of the City's workforce through training seminars and weekly leadership meetings;
- Continue to enhance public outreach on City programs(G4.5, G4.7, G4.8, G4.11, G5.1) ;
- Continue to enhance job creation in the City of Chowchilla through the establishment of new businesses (G5.2, G5.4, G5.6, G5.7, G5.6, G5.7, G5.8, G5.9);
- Continue to make City programs user-friendly and available to all the public(G4.6, G4.10);
- Complete the **Employee Compensation & Classification Study** project to ensure the City offers competitive salaries to both attract and retain qualified personnel(G3.3);
- Complete implementation of the new Tyler Technologies financial software platform for improved and efficient fiscal management as well as other modules for City processes (G3.1, G3.4);
- Continue to upgrade the outdated Information Technology operations equipment, specifically the servers for FY 21/22. (G2.1);
- Utilize Measure N Public Safety Sales Tax monies to give a financial boost to both the Fire and Police Departments (G1.1, G1.2, G1.3, G1.4, G1.6, G1.9, G1.10);
- Continue to monitor CalPERS Unfunded Liability increases, particularly with the significant impact from the COVID 19 pandemic (G3.3, G3.4);
- Continue to assess the economic effects of the COVID 19 pandemic (G3.2);
- Continue to engage the community through social media platforms (G4.5, G4.7, G4.8, G4.11, G5.1) ;
- Look to improve grant funding opportunities through the use of grant writing specialists or personnel (G3.2);
- Continue to provide activities and events for the community (G4.1, G4.4, G4.5, G4.7, G4-11. G4.12);
- Reestablish our employee appreciation program that was halted due to COVID;
- Ensure the best use of the American Rescue Plan monies made available to us;
- Complete environmental work on Project Sunset and look to have a Development Agreement completed (G3.3);
- Continue to increase Economic Development activities (G5.4, G5.7, G5.9);
- Strive to have all vacancies filled.

- Maintains a high level of confidentiality regarding City issues;

MAJOR ACCOMPLISHMENTS IN FY 2020-2021

- Developed E-Newsletter Bulletin and established a vast number of contacts to distribute the information;
- Facilitated Drive-thru events to adapt to COVID-19 Pandemic.
 - Online Halloween Costume Contest
 - Online Art Contest for a Video Chat with Santa
 - Easter Drive-Thru Bunny Bag Give-Away
 - Prepare for new Summer Events such as Science in the Park and a Certified Farmers Market to complement Movies & Music in the Park.
- Produced the digital E-Bulletin newsletter;
- Presentations to potential Businesses interested in coming to Chowchilla;
- Provided design, programming, logistical and marketing assistance for the COVID-19 Pandemic Information;
- Solicited and Distributed funds to purchase new Christmas Light Decorations to replenish Robertson Boulevard for Christmas;

- Had a redwood tree from the Veterans Memorial Park transplanted in hopes of using it as our future town's Christmas tree.
- Worked with the Public Works Department and Mid Valley Disposal on a revised spring neighborhood bulk trash pick-up event;
- Worked on the transition and contract for the Chowchilla Memorial Healthcare District to take over the Senior Center Programming;
- Designed and replaced old signage at all of Chowchilla's Parks;
- Overseen cleaning and repairs to the Senior Center Building;
- Provided substantive support services for the City Council, City Administrator, and Department Directors;
- Worked with the City Clerk to design and market brochures for open executive staff opportunities;
- Continued building improvement to the City of Chowchilla website;
- Assumed responsibility to oversee the utilization of Highway 99 electronic sign and created graphic designs for display and created design parameters to be used by outside organizations to design graphics for submission for review and approval to display on the sign;
- Created artwork to display on the backside of the Highway 99 Digital Sign;
- Create, distribute and collect a survey of comments from the community regarding the budget and classifications of importance;
- Updated Applications for Reservations and Athletic Organization Reservations;
- Coordinated and marketed construction project dedication and ribbon-cutting events;
- Hosted and marketed Groundbreaking Ceremonies for New Businesses;
- Designed several new graphics products to promote different City programs and services;
- Expanded City's Social Media presents and increased new platforms for digital marketing.
- Created video presentations and conducted interviews for publication and marketing;
- Initiated working with the Madera County Arts Council on bringing new arts events and possible community arts projects to the Chowchilla community;
- Updated and facilitated approvals of multi-year facility use agreements with all local youth and adult sports organizations that operate their programs on City park facilities;
- Worked with many local community organizations to help their respective community events, e.g., the Chamber of Commerce and service clubs.

FY 2021-2022 GOALS & OBJECTIVES

The notation in parenthesis corresponds to the City Council Strategic Plan Goals and Objectives listed as the goal number followed by the objective number, ex. G1.1.

- Continue to expand marketing efforts on social media platforms and increase our following;
- Create more video blogs and conduct interviews for publication;
- Update a variety of City policies that pertain to respective areas of responsibility and eliminate the role of the now-non-existent Parks and Recreation Commission;
- Continue to enhance the City website;
- Replace worn playground usage and rules signs with new and attractive designed signs and add additional identifier signs at City parks and facilities (G4.10);
- Continue to gather raw video footage from City events and activities to develop in-house videos to complement community marketing efforts eventually;
- Replace speaker system on Robertson Boulevard for announcements and music during events;
- Add new events for the youth, such as Science Workshops and Star Gazing;
- Create a City employee Veterans display in the City Hall lobby;
- Implement new Recreation Software to facilitate reservations and events online;
- Update policy and contracts for sports organizations and private rentals;
- Work with the City Clerk to finalize an improved employee on-boarding and off-boarding process;
- Develop and execute a committee for Beautify Chowchilla group;

- Continue to engage the Madera County Arts Council to bring arts and events to the community (G4.3, G4.5, G4.7);
- Seek opportunities to clean, upgrade, repaint and perhaps install new attractive promotional graphics for the City events trailer by possibly using the services available at the prison;
- Develop ideas along with funding options for long-range park facility enhancements, e.g., new park pavilions and the replacement of old ones, replacement park restroom structures, additional outfitted picnic areas, new sites for youth sports fields in collaboration with other local agencies and organizations, expand electric service availability at locations around Edward Ray Park to power current and expanded community events, rehabilitation of the Edward Ray Park recreation and concession buildings, etc. (G4.10);
- Work with Public Works Department on Prop 68 Grant Funds.

FINANCE

MISSION STATEMENT

The Finance Department provides the highest level of excellence and accuracy in providing quality financial information and services to the elected officials, city departments, and public at large in a timely, accurate and friendly manner.

ORGANIZATIONAL CHART

SERVICE DESCRIPTION

The Finance Department is responsible for the financial administration and information systems of the City of Chowchilla and the City of Chowchilla as Successor Agency to the Chowchilla Redevelopment Agency. The Department provides the following services:

- Operation and maintenance of the Accounting Software System;
- Budget preparation and compliance;
- Purchasing support for all departments;
- Research and prepare reports on special fiscal matters;
- Disbursements for accounts payable and payroll;
- Treasury management and annual review of the City's Investment Policy;
- Collection of revenues, including business licenses, dog license fees, utility service charges (water, wastewater, disposal, storm drain, and airport), and other charges;
- Provide general services, including payroll administration, budget administration, and preparation of various financial related reports, including financial statements for bonding activities and preparation of the State Controller reports for the City and the Redevelopment Agency;

- Provide administration of risk exposure reduction and participates on the Central San Joaquin Valley Risk Management Association (CSJVRMA) Board of Directors.

MAJOR ACCOMPLISHMENTS IN FY 2020-2021

- Received a “clean/unmodified” audit opinion for the Fiscal Year 2019-2020;
- Increased fund reserves;
- Began implementation of Tyler Technologies financial software, which provides the City with a newer, more efficient system, and all modules are expected to go live in July 2021;
- Submitted the budget publication for consideration and was awarded the Government Finance Officers Association (GFOA) Distinguished Budget Award for the second consecutive year.
- Completed the reconciliation of special district funds and adjusted to bring them current
- Began the process of evaluating refunding and restructuring our Community Facilities District (CFD)
- Established an Amnesty Program that relieves penalties and interest on delinquent bond assessments in Greenhills district to ensure sufficient funds to make debt service, as well as promote development
- With the implementation of the new Tyler software, we are now bringing payroll in-house
- Completed the Request for Proposal process for auditing services

FY 2021-2022 GOALS & OBJECTIVES

The notation in parenthesis corresponds to the City Council Strategic Plan Goals and Objectives listed as the goal number followed by the objective number, ex. G1.1.

- Continue to improve customer service to the public, other agencies, and City departments;
- Continue to review and update policies and procedures to ensure they meet the needs of departments and accounting standards (G3.3);
- Continue to provide excellent financial reporting achieved by adhering to accounting practices that result in an “unmodified opinion” from an independent audit of the City’s financial record (G3.3, G3.4, G3.5);
- Prepare a fiscally sustainable budget G2.1, G3.1, G3.2, G3.3, G3.4, G3.5);
- Address budget at mid-year to evaluate the economy as a whole and make appropriate changes with consideration of receiving American Rescue Plan monies;
- Finish implementation of new Tyler Technologies accounting software;
- Submit the current budget publication for consideration to receive the Government Finance Officers Association (GFOA) Distinguished Budget Award (G3.1, G3.3, G3.4, G3.5);
- Hire a new Finance Director to fill the vacancy created with the promotion of the current Finance Director to City Administrator;
- Look into diversifying investment portfolios; currently, all funds are invested in the Local Agency Investment Fund (LAIF) (G3.4, G3.5).

POLICE SERVICES

MISSION STATEMENT

The mission of the Chowchilla Police Department is to provide innovative police service that protects life, property, and public order.

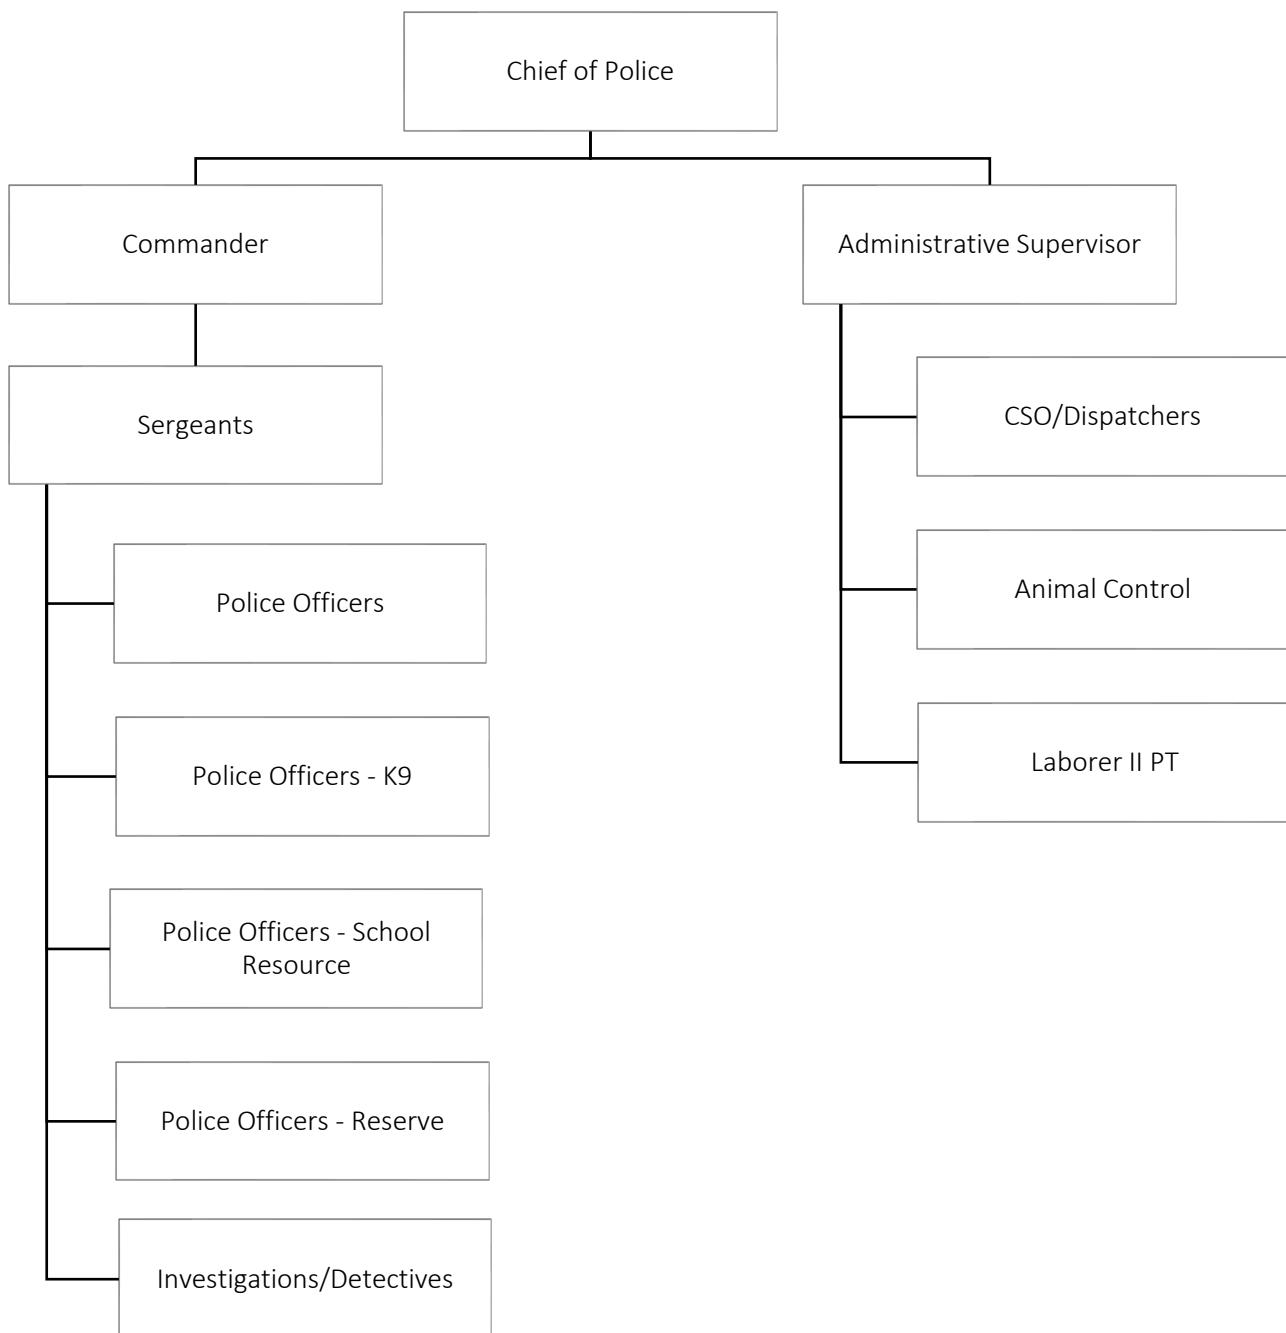

VISION STATEMENT

The City of Chowchilla Police Department's vision is to facilitate a safe and prosperous community through sound police work and collaborations with the community, business, and civic organizations.

CORE VALUES

The core values of the Chowchilla Police Department are Safety, Integrity, Teamwork, and Respect.

ORGANIZATIONAL CHART

SERVICE DESCRIPTION

To accomplish the mission and vision of our agency, Police Department staff will work closely with our community members to:

- Prevent and deter crime;
- Identify and arrest law violators;
- Perform professional investigations;
- Deliver a high level of quality services.

MAJOR ACCOMPLISHMENTS IN FY 2020-2021

- Hired the additional officers to provide the department with full staffing of 22 sworn officers.
- Replaced the older K9 vehicle and several other vehicles that needed to be replaced;
- Upgraded the outdated WatchGuard System hardware and software as well as the body cameras;
- Received and outfitted the new K9 vehicle;
- Received and certified a new K9;
- Secured the funding for the department fencing to provide for a much-needed secured parking area.
- Continued our excellent school/police partnership with the two Unified School Districts with the goal of safety at all schools;
- Continued to perform compliance checks and monitoring of registered sex offenders in the community;
- Continued to provide and increase relevant training to all department personnel;
- Continued our outreach and efforts regarding those residing in the slough areas of our city;
- We have increased our proactive patrolling in an attempt to rid the city of criminals to make the community feel safer;
- We are continuing to purchase load-bearing vests for officers to reduce workers compensation claims;
- We have continued our close working relationships with all of our local law enforcement partners;
- We have continued to engage the community through Coffee with a COP at local businesses and conducted at least once on a weekend day during this year; Before the COVID-19 pandemic
- In the process of reorganizing office space and other areas around the Police Department;
- Recruited, hired, and put two officers through the police academy; making that five officers we have sponsored through the academy;
- Continued to promote community policing among department staff to interact more with the public;
- FAA Certified two employees for Drone Operations;
- Implemented a drone program within the department to provide a safer means for officers to identify suspects locations and safely approach and apprehend them;
- Conducted illegal trespassing operations;
- The training was increased for all staff within the abilities during the COVID-19 pandemic;
- Assisted businesses with the issuance of Personal Protective Equipment or PPE, for their businesses here in the community;
- Re-developed our departments delivery of service by adapting to COVID-19 protocols;
- In the Chief's opinion, morale and the level of comradery among the staff continues to grow;
- Secured funding for the hiring of a Code Enforcement Officer and moved that responsibility to the police department;
- Assisted Madera County Health Department with coordinating COVID-19 testing locations in our city.

FY 2021-2022 GOALS & OBJECTIVES

The notation in parenthesis corresponds to the City Council Strategic Plan Goals and Objectives listed as the goal number followed by the objective number, ex. G1.1.

- Completion of the departments Secured Parking Area.
- Replace unmarked vehicles and add new unmarked vehicle to be assigned to the Commander and detectives;
- Replace old patrol vehicles;
- Continue to reorganize, modernize and clean up around the police department;
- Paint and repair the outside of the police department;
- Secure the evidence area;
- Increase the number of gang and drug investigations in an attempt to identify and eliminate that element in our community (G1.2, G1.3);
- Modernize the dispatch center to replace old equipment and headsets (G1.1);
- Install surveillance cameras throughout the city (G1.1);
- Install at least four license plate readers at key points in the community (G1.1);

FIRE SERVICES

MISSION STATEMENT

The mission of the Chowchilla Fire Department is to protect life, property, and the environment from the effects of fire, medical emergencies, and hazards; we accomplish this through fire suppression, emergency medical service, hazardous materials mitigation, technical rescue, and public education.

ORGANIZATIONAL CHART

SERVICE DESCRIPTION

The Fire Department provides the following services to the citizens of Chowchilla:

- Provides equipment and personnel to suppress and extinguish fires effectively;
- Promotes fire prevention programs to the citizens with an emphasis on our youth;
- Provides protection from hazards unrelated to Police activities and mitigates those hazards as possible;
- To provide emergency medical assistance when needed;
- To provide rescue services when needed, such as vehicle extrication as the result of a traffic collision;
- To provide hazardous materials response, e.g., identify, manage and contain hazardous spills and incidents.

MAJOR ACCOMPLISHMENTS IN FY 2020-2021

- Remained within budgetary guidelines;
- Continued to maintain timely response times in the City of Chowchilla while call volume continues to increase annually;
- Continued to provide fire and life safety education virtually to over 1,200 children at local elementary schools;
- Continued to recruit new volunteers to strengthen numbers to serve our community better;
- Completed over 1,000 hours of in-house mandatory and voluntary fire and emergency medical training to serve our community better;
- Submitted Assistance to Firefighters Grant that requested funding for washer/extractor and dryer to clean firefighter personal protective gear;
- Received, trained with, and put into service new additional Self-Contained Breathing Apparatus;
- Recruited and hired the new Fire Chief.
- Recruited and hired a new fire inspector funded by Measure N;
- Continued and hired part-time personnel to complete annual fire hydrant operational testing and 5-year flow testing.
- Anticipate completion of hydrant testing. Completed flow testing of 25% of hydrants, function testing continuing with anticipation of 100% of hydrants.
- Continued updating fire hydrant mapping and marking.
- Started work with Lexipol of Chowchilla Fire Department Policies and Procedures.
- Completed replacement of all SCBA's under Madera County OES Homeland Security Grant program;
- Received an ISO rating of 4 from 6.
-

FY 2021-2022 GOALS & OBJECTIVES

The notation in parenthesis corresponds to the City Council Strategic Plan Goals and Objectives listed as the goal number followed by the objective number, ex. G1.1.

- Continue to explore new ideas to increase revenues and grant funding for equipment and programs;
- Continue to strive for a less than four-minute response time at least 95% of the time (G1.5, G1.7, G1.10);
- Continue the professional development of personnel with enhanced training opportunities (G1.10);
- Continue work on updates to Chowchilla Fire Department Policies and Procedures (G1.5, G1.10);
- Continue to seek new recruits for volunteer firefighter with a goal of approximately 30 personnel; current staffing level is 23 (G1.4);
- Re-issue a Request for Proposals to build an addition to the fire station for indoor storage of equipment and expansion of training areas (G1.6, G1.10);
-
- Provide handheld radios for all firefighters on scene at fires;
- Continue implementing Measure N Public Safety Sales Tax-funded programs, including additional paid staff, training, and equipment (G1.4, G1.5, G1.7, G1.8, G1.9, G1.10).

PUBLIC WORKS

DEPARTMENT PURPOSE

The Public Works Department constructs and maintains the City's public parks, facilities, roadways, right-of-way, and other infrastructure, including several Landscaped and Lighting Districts. The Department administers eight organizational units, including parks, streets and roads, water, solid waste, sewer, storm drain, fleet, and the airport that all work in coordination to achieve the overarching goal of ensuring the City's facilities are safe, functional, and attractive. The Department coordinates with affiliated contractors, e.g., engineering, waste hauler, construction, etc., to implement best practices for multiple service needs and regulatory requirements and strive to enhance operational efficiencies in providing services to the community. In addition to providing ongoing maintenance activities, the Department staff provides information and outreach to City residents, businesses, and the public about the Department's programs, activities, and projects.

ORGANIZATIONAL CHART

PARKS

MISSION STATEMENT

The mission of the Park Division is to cost-effectively provide the citizens and visitors of Chowchilla with safe, well-maintained parks, trails, and green spaces.

SERVICE DESCRIPTION

- Make the most effective use of resources, services and protect the public interest;
- Support and enhance recreation programs and the general use of our parks;
- Maintain our athletic fields, trees, and landscapes to the highest standards our resources will allow;
- Conserve, restore, enhance, and promote the benefits of our natural resources to current and future generations.

MAJOR ACCOMPLISHMENTS IN FY 2020 – 2021

- Continued working on a three-year grant from California Department Forestry to develop an Urban Forestry Master Plan and complete a citywide tree inventory which was awarded to Davey Resource Group;
- Purchase new dump trailer;
- Began preliminary design phase of Beautification of Robertson Boulevard Medians project;
- Began preliminary discussions of potential park projects for the use of Prop 68 funds.

FY 2021 – 2022 GOALS & OBJECTIVES

The notation in parenthesis corresponds to the City Council Strategic Plan Goals and Objectives listed as the goal number followed by the objective number, ex. G1.1.

- Continue with the development of an Urban Forestry Master Plan and complete the citywide tree inventory (G2.4);
- Identify potential park projects that can be funded with Prop 68 funding that will be available from the State if the Fiscal Year 2021 – 2022 (G2.1, G2.4);
- Continue Landscape maintenance with Grover (G2.1);
- Continue to maintain updates of Standard Operating Procedures for Parks operations (G2.1);
- Continue project of Beautification of Robertson Boulevard Medians (G2.1, G2.4);
- Continue research for potential park grants that can be utilized by City (G3.2).

STREETS AND ROADS

MISSION STATEMENT

The mission of the Streets and Roads Division is to provide the City's taxpayers the most cost-effective infrastructure and services possible, to enable them to live their lives and conduct their business in a safe, healthy, and environmentally sound manner in a community they can be proud of.

SERVICE DESCRIPTION

- Provide safe and efficient streets for residents and workers;
- Actively participate in the collective effort with engineering, staff, and the public on Capital Improvement Projects;
- Overlay/reconstruct streets as identified by the Pavement Management Plan and maintain streets with an emphasis on prevention;
- Maintain and improve traffic signs, road stripping, and other markings.

MAJOR ACCOMPLISHMENTS IN FY 2020 – 2021

- Completed Wilson School improvement project;
- Completed 95% ADA Assessment / Multimodal project;
- New dump truck delivered October 2020.

FY 2021 – 2022 GOALS & OBJECTIVES

The notation in parenthesis corresponds to the City Council Strategic Plan Goals and Objectives listed as the goal number followed by the objective number, ex. G1.1.

- Continue the process of street striping the City (G2.1);
- Continue the process of Street Sweeping with City Staff (G2.1);
- Continue to maintain updates of Standard Operating Procedures for Streets and Road operations (G2.1);
- Begin project Pedestrian Improvements – Robertson/8th/Kings (G2.1, G2.4);
- Begin project Alley Paving (G2.1, G2.4);
- Begin project Bridge Setup (G2.1, G2.4);
- Begin Caltrans Agreement Robertson trees and on/off ramp (G2.1, G2.4);
- Begin SR99-233 Round About project (G2.1, G2.4);
- Coordinate Community Beautification / Alley Clean-Up (G2.4)
- Caltrans 10C documentation (G2.1, G2.4);
- Closeout project of ADA Assessment / Multimodal project (G2.1, G2.2);
- Complete plans, specs, and estimates for rehabilitation of Humboldt Avenue (G2.1, G2.4).

WATER

MISSION STATEMENT

The Water Division's mission is to provide our customers with a safe drinking water supply, water for fire protection, and an adequate supply of water for our essential daily needs.

SERVICE DESCRIPTION

- Provide consistent reliability in water distribution system including flow, pressure, and emergency readiness;
- Meet and exceed standards set forth by Federal, State, and County drinking water requirements;
- Provide excellent customer service and high levels of customer satisfaction;
- Maintain open lines of communication with the State Water Resources Control Board, Madera County Health Department -- emphasizing teamwork and partnering;
- Promote water conservation;
- Protect water supply through the implementation of cross-connection inspection and Backflow Certification Program.

MAJOR ACCOMPLISHMENTS IN FY 2020 – 2021

- Completed 80% of SCADA system for the City's water utilities;
- Updated Chowchilla Municipal Code regarding water waste citations;
- 80% in compliant for backflow assemblies installed, repaired, or certified citywide;
- Completion of a Rate Study Analysis;
- Began preliminary phase of Fairmead Consolidation Study;
- American Water Infrastructure Act (AWIA) began the process to identify well needs and certify to EPA;
- Coordination and cooperation with Chowchilla Water District on development of SGMA.

FY 2021 – 2022 GOALS & OBJECTIVES

The notation in parenthesis corresponds to the City Council Strategic Plan Goals and Objectives listed as the goal number followed by the objective number, ex. G1.1.

- Finish development of the water system master plan (G2.1, G2.4);
- Complete implementation of a SCADA system (G2.1, G2.4);
- Strive to attain 100% backflow assemblies compliant citywide;
- PG&E energization of the water storage tank and booster pumps at the Highway SR 99 site (G2.1, G2.4);
- Complete City backflow installs to satisfy the cross-connection survey (G2.1);
- Complete Meter Standards Update (G2.1):
- Complete the install of water sample stations (G2.1, G2.4);
- Continue Fairmead Consolidation Study project (G2.1, G2.4);
- Continue to maintain updates of Standard Operating Procedures for Water operations (G2.1);
- Continue research for potential water grants that can be utilized by City (G3.2).

SOLID WASTE

MISSION STATEMENT

The mission of the Solid Waste Division is to protect the environment and public health by providing safe, reliable, efficient, and cost-effective solid waste and green waste disposal and recycling services for our customers.

SERVICE DESCRIPTION

- Provide an expedient, courteous, and dependable service to our citizens and devote our best efforts to ensure that all trash is properly picked up and disposed of;
- Meet and exceed standards set forth by Cal Recycle in AB 939 and AB 341 for landfill diversion;
- To assure that the contracted provider safely and efficiently collects residential and commercial solid waste and disposes of it at their transfer station;
- Educate the citizens of Chowchilla on the importance of recycling and landfill diversion.

MAJOR ACCOMPLISHMENTS IN FY 2020 – 2021

- Completed contract amendment with Mid Valley Disposal to reflect mandatory state requirements;
- 95% compliance with State Mandated Commercial Recycling – AB 341 and State Mandated Commercial Organics Recycling – AB 1826.

FY 2021 – 2022 GOALS & OBJECTIVES

The notation in parenthesis corresponds to the City Council Strategic Plan Goals and Objectives listed as the goal number followed by the objective number, ex. G1.1.

- Implement State compliant solid waste programs (G2.4);
- Strive to attain 100% commercial recycling compliance;
- Strive to attain 100% organic recycling compliance;
- Continue to maintain updates of Standard Operating Procedures for Solid Waste operations (G2.1);
- Conduct the annual citywide cleanup day.

SEWER

MISSION STATEMENT

The mission of the Sewer Division is to provide the most effective, customer-oriented wastewater collection and treatment to the citizens and businesses of the City of Chowchilla and ensure the health, safety, and economic vitality of our community.

SERVICE DESCRIPTION

- Meet and exceed standards set forth by Federal, State, and County wastewater requirements;
- Maintain open lines of communication with the Regional Water Quality Control Board, Fresno County Health Department, and the Economic Development Administration – emphasizing teamwork and partnering;
- Plan, design, operate and maintain the sewer system in a consistent, reliable, and cost-effective manner;
- Optimize all wastewater activities to provide service at the lowest possible cost with high standards of quality and reliability;
- Provide reliable, responsive, satisfying service to our customers in all aspects of our operations.

MAJOR ACCOMPLISHMENTS IN FY 2020 – 2021

- Completed Rate Study Analysis (G2.4);
- Completed repair and replace dewatering tile beds;
- Completed the Chowchilla Regional Sewer Collection Consolidation and Capacity Study to look at Fairmead area connecting to the City's sewer collection system;
- Began preliminary phase of Fairmead Consolidation Study;
- Completed City Capital Improvement Projects (CIP) Planning Document;
- 60% completion of Sewer Master Plan;
- Completed install new Ultrasonic level at Palm Parkway lift station;
- Purchased a new spreader trailer.

FY 2021 – 2022 GOALS & OBJECTIVES

The notation in parenthesis corresponds to the City Council Strategic Plan Goals and Objectives listed as the goal number followed by the objective number, ex. G1.1.

- Complete Sewer Master Plan (G2.1, G2.4);
- Development and implementation of additional SCADA system improvements (G2.1, G2.4);
- Complete the Chowchilla Regional Sewer Collection Consolidation and Capacity Study to look at Fairmead area connecting to the City's sewer collection system (G2.4);
- Continue Fairmead Consolidation Study project (G2.1, G2.4);
- Complete and submit grant funding application for the Chowchilla/Fairmead Regional Sewer Collection Consolidation Project (G2.1, G2.4)
- Address deferred maintenance of the sewer system and the wastewater treatment plant (G2.1, G2.4);
- Purchase vacuum truck for lift stations and maintenance holes collections maintenance (G2.1, G2.4);
- Continue to maintain updates of Standard Operating Procedures for Sewer operations (G2.1).

STORM DRAIN

MISSION STATEMENT

The mission of the City of Chowchilla Storm Drain Division is to provide the City's taxpayers the most cost-effective infrastructure and services possible, to enable them to live their lives and conduct their business in a safe, healthy, and environmentally sound manner in a community they can be proud of.

SERVICE DESCRIPTION

- Provide safe and efficient storm drain flow to City detention facilities;
- Reduce or eliminate potential property damage due to flooding;
- Repair inlets, outlets, and other stormwater collection items.

MAJOR ACCOMPLISHMENTS IN FY 2020 – 2021

- Continued to address deferred maintenance of storm drain ponds;
- Continue to work on Proposition 1 Stormwater Development Project;
- Completion of the Rate Study Analysis;
- Humboldt Avenue storm drainage project has been filed with CATX county and is out to bid;
- The City is enrolled with the National Flood Insurance Program;
- Completed City Capital Improvement Projects (CIP) Planning Document.

FY 2021 – 2022 GOALS & OBJECTIVES

The notation in parenthesis corresponds to the City Council Strategic Plan Goals and Objectives listed as the goal number followed by the objective number, ex. G1.1.

- Continue Storm Drain Maintenance (G2.1, G2.4);
- Continue working with The Council of Watershed Health to develop a project application to submit for Proposition 1 funding for stormwater system improvements on the north side of Robertson Boulevard (G2.1, G2.3, G2.4);
- Continue of implementation of a SCADA system (G2.1, G2.4);
- Continue to address deferred maintenance of storm drain ponds (G2.1, G2.4);
- Continue to maintain updates of Standard Operating Procedures for Storm Drain operations (G2.1);
- Complete plans, specs, and estimates for Humboldt Avenue storm drainage improvements (G2.1, G2.4).

AIRPORT

MISSION STATEMENT

To promote and develop the Chowchilla Airport as a regional economic asset by supporting complementary commercial and aeronautical enterprise and maximizing economic development opportunities.

SERVICE DESCRIPTION

- Provide safe and efficient airport facilities for residents, workers, and visitors;
- Continue to improve facilities and equipment to keep current with industry standards;
- Maintain existing pavement and structures to extend the service life;
- Provide services and amenities to attract transient air traffic.

MAJOR ACCOMPLISHMENTS IN FY 2020 – 2021

- Completed Airport Layout Plan (ALP) and Pavement Management and Maintenance Plan (PMMP);
- Continue to crack seal and slurry seal of taxiway A, apron, and design project AIP 010;
- Submittal of the 2018-2023 Airport Capital Improvement Program (ACIP) to the Federal Aviation Administration (FAA);
- RPZ Land Acquisition is on hold;
- Received CARES Act Airport Grant due to COVID-19 and began reimbursements;
- Completed Airport Advisory Commission ordinance updates;
- Completed City Capital Improvement Projects (CIP) Planning Document.

FY 2021 – 2022 GOALS & OBJECTIVES

The notation in parenthesis corresponds to the City Council Strategic Plan Goals and Objectives listed as the goal number followed by the objective number, ex. G1.1.

- Continue work on a thorough Five-Year Airport Capital Improvement Plan (ACIP – Federal) and a Ten-Year Capital Improvement Program (CIP – Caltrans), providing a path forward for state and federal funding for airport rehabilitation and development projects (G2.1, G2.4);
- Complete reimbursement for CARES Act Airport Grant (G2.1);
- Receive approval from FAA for the ALP and PMMP and take to City Council for approval (G2.1, G2.4);
- Complete design work for runway rehabilitation and lighting project (G2.1, G2.4);
- Continue research for potential Airport grants that can be utilized by City (G3.2).

COMMUNITY & ECONOMIC DEVELOPMENT

(Section 6)

COMMUNITY & ECONOMIC DEVELOPMENT

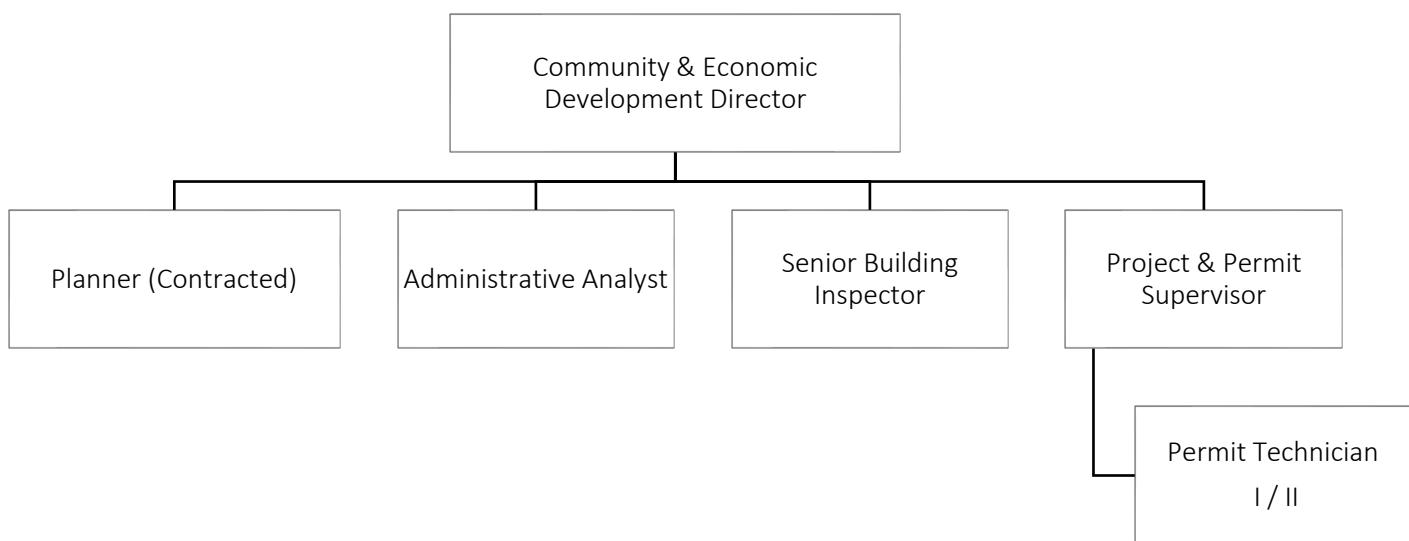

This page left intentionally blank.

COMMUNITY & ECONOMIC DEVELOPMENT

MISSION STATEMENT

The Community & Economic Development Department guides the physical development of the City to foster positive social and economic growth consistent with the goals of the General Plan and attract and retain additional businesses to the City to strengthen the jobs/housing balance.

ORGANIZATIONAL CHART

SERVICE DESCRIPTION

The Community & Economic Development Department employs the services of a Building Official, Project and Permit Supervisor, Permit Technician, in addition to the Director of Community & Economic Development. The Department:

- Promotes and facilitates commercial and industrial economic development projects;
- Provides current and advanced, long-term planning functions;
- Processes land use applications consistent with adopted development standards;
- Administers and enforces all land use laws;
- Administers and enforces building codes for all private and public construction projects;
- Reviews and approves building plans and issues building permits for all construction;
- Provides engineering and construction inspection services.

MAJOR ACCOMPLISHMENTS IN FY 2020-2021

- Updated and Implemented a new Building Permit Fee Structure;
- Developed the Industrial Incentive Program;
- Developed the Residential Incentive Program;
- Successfully submitted and was awarded 4 Economic Development Grants through HCD.
- Successful submitted and were awarded 5 Housing Grants through HCD.

FY 2021-2022 GOALS & OBJECTIVES

The notation in parenthesis corresponds to the City Council Strategic Plan Goals and Objectives listed as the goal number followed by the objective number, ex. G1.1.

- Improve the health of neighborhoods by developing and implementing a judicious, effective and expedient code enforcement abatement program using the City's Municipal Codes with a combination of constructive tools and aggressive compliance measures (G1.12);
- Market the City to the family-friendly entertainment industry to encourage quality private recreational developments, e.g., bowling center, theater, miniature golf, etc. (G5.4);
- Complete a feasibility study for long-haul truck parking on vacant City-owned properties (G5.5);
- Pursue funding opportunities to enhance, develop, and sustain all components of the community's infrastructure needs including, water, sewer, storm drainage, and digital (G3.2);
- Implement the General Plan as the primary policy framework for growth and development;
- Capitalize on Highway SR 99 and Robertson Boulevard as a significant economic development catalyst (G5.6);
- Explore opportunities for leased business operations in City-owned facilities (G3.2, G5.2);
- Partner with affordable housing and non-profit organizations to evaluate opportunities, including City-owned properties, to establish affordable housing for eligible populations (G5.3);
- Develop community-centric housing projects (G5.3);
- Link with local resources members to create new and innovative community projects;
- Pursue funding opportunities and establish partnerships with local organizations and developers to improve and diversify community housing opportunities (G3.2);
- Maintain and expand local, state, and federal economic development incentive programs (G5.7);
- Pursue funding opportunities to provide owner-occupied rehabilitation grants and first-time homebuyer loans and or grants for eligible households (G3.2 G5.3);
- Establish and strengthen relationships and partnerships with schools, colleges, and universities, e.g., UC Merced, Merced College, Fresno State, Madera Community College, and other nearby trade schools to grow the competitive capabilities in current and emerging markets;
- Cultivate a strong, diverse business economy that will ensure the economic prosperity of the community into the future and to create a sustainable place for business and residential success (G5.4, G5.6, G5.8);
- Participate in retail and industrial trade shows to promote the community as an attractive and economical site for future businesses (G5.7, G5.8);
- Expand the use of electronic systems to strengthen the exchange of information and commit to improving efficiency, problem-solving, flexibility, and the effective balancing of the competing interests of plan review, building permits, and inspection processes;
- Pursue opportunities to improve the local transit system and establish partnerships with Madera Community Transportation Commission and Merced County Association of Governments to improve regional transit access;
- Establish professional grant writing services relationships to pursue alternative grant and foundation funding opportunities and produce substantive and quality grant applications that result in measurable returns on investments (G3.2).

FLEET

INFORMATION TECHNOLOGY

This page left intentionally blank.

FLEET

MISSION STATEMENT

The mission of the Feet Division is to maintain City of Chowchilla vehicles and equipment to ensure each piece is safe and functional. An emphasis is to provide preventive maintenance and repair for the fleet and light to heavy-duty construction equipment. A combination of an in-house employee and outside vendors provides maintenance and repair services.

SERVICE DESCRIPTION

- Provide safe, functional, and efficient vehicles and equipment;
- Evaluate vehicle and equipment maintenance costs;
- Repairs to determine cost-saving strategies, including replacement of vehicles or equipment when costs exceed replacement costs;

MAJOR ACCOMPLISHMENTS IN FY 2020 – 2021

- Began using Manager Plus to track all Fleet purchases and repairs made to vehicles and equipment;
- Evaluated departments to define a regular replacement program and enhance the valuation of the City's vehicle fleet;
- Evaluated the purchase of hybrid and alternative fuel vehicles, as the budget permits and/or grant funding is available, to reduce fuel consumption over the short and long terms. Departments are evaluating to define a regular replacement program and enhance the valuation of the City's vehicle fleet.

FY 2021 – 2022 GOALS & OBJECTIVES

- Continue to use the Manager Plus program to track Fleet purchases and repairs made to vehicles and equipment (G2.1);
- Send surplus of vehicles and equipment to auction;
- Continue to evaluate the purchase of hybrid and alternative fuel vehicles, as the budget permits and/or grant funding is available (G2.1, G2.4);
- Continue to reduce fuel consumption over the short and long terms (G2.1);
- Continue research for potential fleet grants that can be utilized by City (G3.2).

INFORMATION TECHNOLOGY

SERVICE DESCRIPTION

Information Technology Services provides vision and oversight of the City's information systems along with the guidance and coordination necessary to ensure technology-related efforts are planned from an enterprise point of view. Personnel strives to remain technologically current to advise, recommend, and assist in selecting, implementing, and maintaining information systems; and assisting with planning and managing information technology projects.

Information Technology Services directs and implements technology services, support, and guidance to provide the current and future development of computer technology to all City departments; provides desktop computer and network communication services to all City departments; and performs activities that coordinate computer-generated information to the overall agency. Personnel provides assistance and trains employees on their information systems as necessary; provides desktop computer, network, and application support; maintains information and network security and integrity; coordinates with external agencies to improve service to the community; and provide quality and timely customer service to City staff.

Information Technology Services integrates with various departments to provide guidance and assistance, installation and maintenance, and recommendations to guide the enhancement of City radio and communications systems, emphasizing the public safety operations of police and fire.

Information Technology Services provides substantive technology resources, assists in developing technology strategies, implement best practices for multiple needs and regulatory requirements, strives to enhance operational efficiencies, in addition to the following:

- Consistently reviews and evaluates information technology systems and activities and make enhancements to improve effectiveness;
- Provides oversight and support of City information technology services and affiliated contractors to help ensure streamlined and cost-effective technology solutions, operations, procedures, policies, and best practices that are aligned with the organization and department needs and objectives;
- Assists in the development, enhancement, and maintenance of the City website;
- Coordinates expenditures within authorized budget and provides budget recommendations;
- Recommends and facilitates the purchase of technology equipment, supplies and services purchases;
- Assists with the development of strategic positions, identifying resource needs, establishing priorities, and formulating short-range and long-range plans;
- Maintains a high level of confidentiality regarding City network and technology issues and personnel.

COMMUNITY FACILITIES DISTRICT

800

The City of Chowchilla Community Facilities District No. 2006-1 (Improvement Area 1) (the “District”) was formed in 2006 and bonds were issued to finance the costs of acquisition, construction, expansion, improvement, or rehabilitation of the facilities to serve the area within the District and its neighboring areas. The District bonds are scheduled to mature on September 1, 2037.

GREENHILLS ASSESSMENT DISTRICT

840

The City of Chowchilla (the “City”) formed Assessment District No. 1994 (“Greenhills”) in March of 1994 to fund the construction of a wastewater trunk line from the City’s Wastewater Treatment Plant to Area A- West, the construction of a wastewater collection line in Golf Drive, the construction of a Storm Drain System within Area A-West, including the storm water basin, the acquisition of sanitary, storm water drainage, street lights, street signs, walls, utility laterals and landscaping improvements, and the construction of a domestic water well for inclusion in the Water System of the City of Chowchilla. In 2003, Assessment District No. 1994 was refunded and the Reassessment District No. 2003-1 (the “District”) created along with the issuance of the Chowchilla Public Financing Authority 2003 Revenue Bonds (the “2003 Bonds”) were issued. In March 2017, the 2003 Bonds were refunded by the Chowchilla Public Financing Authority 2017 Refunding Revenue Bonds (the “Revenue Bonds”). The local obligation associated with the Revenue Bonds are the City of Chowchilla Limited Obligation Refunding Bonds for the City’s Reassessment District No. 2003-1 (Greenhills), which are referred to as the “Local Obligation Bonds.” The final levy is scheduled for Fiscal Year 2022-2023.

PHEASANT RUN ASSESSMENT DISTRICT

842

The City of Chowchilla (the “City”) formed Assessment District No. 2002-1 (Pheasant Run) (the “Prior District”) and issued bonds in 2002 (the “Prior Bonds”) to finance a domestic water system, sanitary sewer system and a storm water collection system. In addition, the Prior Bonds paid for streets, sidewalks and street light improvements. The City refunded the Prior Bonds in 2014 for debt service savings, formed Reassessment District No. 2013-1 (Pheasant Run) (the “District”), and issued Reassessment District No. 2013-1 (Pheasant Run) Limited Obligation Refunding Improvement Bonds (the “Bonds”). The final levy is schedule for Fiscal Year 2026-2027.

COST ALLOCATION PLAN

FISCAL YEAR 2021-2022

SUMMARY OF ALLOCATIONS

This table quantifies the amount of indirect cost (overhead) that is required to support each operating department. Each column represents a 'support service' department - a department whose primary duty is to provide services to other City departments. For each support service department, the amount of indirect cost distributed to each department is identified. The first column, titled 'Total GF Allocation', reflects the total amount of General Fund indirect cost required to support each particular operating department. The last column, titled "Streets and Roads", reflects the amount of street degradation being allocated to the Enterprise Funds. The Summary of Allocation Statistics baseline amounts used for allocating the expenses will be updated every three years.

TOTAL ALLOCATION COLUMN

The first column of the Summary of Allocations table reflects the total amount of General Fund indirect cost required to support a particular operating department. Not all departments will receive an allocation as described below.

DEPARTMENTS TO RECEIVE ALLOCATIONS

Departments within the General Fund will not receive an allocation because the Departments that are allocating expenses are also in the General Fund and there is no reason to allocate within the same fund. Other funds are not allowed to receive additional expenses and are included for their respective share of overall budgeted expense allocations. Funds 301-Gas Tax, 300-RSTP, 305-Streets and Roads and 350-357 Measure T are all streets and roads Special Revenue funds and their allocations are all combined into one allocation to fund 305-Streets and Roads. Fund 340-Measure N also is a special Revenue for Public Safety and is not allocated. The remaining funds to receive allocations are 280-Water, 260-Solid Waste, 240-Sewer, 325-Transit, 601- Fleet, 602-IT and 956-Successor Agency.

ALLOCATION WORKPAPERS

The remaining sections of this plan document the indirect cost allocations for each support service department. The results of these calculations are posted forward to the Summary of Allocations table. These work papers consist of three separate schedules for each support service department: 1) a narrative description, 2) identification of costs to be allocated and 3) detailed allocations worksheets.

NARRATIVE DESCRIPTION

A brief description of the support service department's operations is provided, including a list of the department's administrative functions. The allocation methodology for each administrative function is provided. Any special treatment of a particular line item is discussed.

COSTS TO BE ALLOCATED

This schedule lists the budgeted operating appropriations forecast for each support service departments. Subsequently breaks them down amongst the department's various administrative functions. Next, if applicable, any non-budgeted costs are added. Finally, offsetting revenues, such as direct charges or other necessary credits are deducted. Through this process the total cost of each administrative function is derived, to be distributed in the next schedule.

DETAIL ALLOCATIONS

The total cost of each administrative function is distributed to the City's various departments proportionately based on a set of statistics. The statistic selected for use must bear a reasonable relationship between the costs being distributed and the benefits received by the various City departments. Whenever possible, an empirical set of statistics is selected (rather than estimated percent of effort) to ensure impartiality and equitability.

SUMMARY OF ALLOCATION STATISTICS

SUPPORT SERVICE	ALLOCATION METHODS
Funds highlighted in BOLD in the Summary of Allocations are the only funds that get an actual allocation. Street Degradation, Internal Service funds and Solid Waste have specific allocation plans with detail about the respective activities.	
CITY COUNCIL	
Agenda	Number of Agenda Items- all session from 7/1/17 to 4/30/18
FTE	Number of Full-Time Employee equivalents per program
Non-allocable	Not allocated
CITY CLERK	
Agenda	Number of Agenda Items- all session from 7/1/17 to 4/30/18
FTE	Number of Full-Time Employee equivalents per program
Non-allocable	Not allocated
CITY ATTORNEY	
Agenda	Number of Agenda Items- all session from 7/1/17 to 4/30/18
GENERAL SERVICES	
Civic Center Debt Service Payment	Analysis performed in 2005 during the Phase I construction and pledged revenue sources that would pay for the debt service.
Total Budget per Program	Percentage of total budgeted expenditures
Pension Obligation Bond	The Percentage breakdown between Safety and Non-Safety is based on the amount financed in the bond. The allocation method is based on current number of employees in each group. 68% of Debt Service will be allocated to Miscellaneous groups and allocated based on the current number of Miscellaneous employees; 32% of Debt Service will be allocated directly to PD Safety and allocated based on the current number of Safety Employees
CITY ADMINISTRATION	
Agenda	Number of Agenda Items- all session from 7/1/17 to 4/30/18
FTE	Number of Full-Time Employee equivalents per program
Total Budget per Program	Percentage of total budgeted expenditures
Square Footage	Building maintenance is allocated based on square footage of buildings

FINANCE

Purchasing	Percentage of total invoices processed for the city as a whole
Receipts	Percentage of total receipts processed for the city as a whole
FTE	Number of Full-Time Employee equivalents per program – to allocate payroll related expenses
Total Budget per Program	Percentage of total budgeted expenditures

STREETS AND ROADS

Street Degradation	Water – 10%, Solid Waste – 8%, Sewer – 3%; See narrative for detail
--------------------	---

INFORMATION TECHNOLOGY

Personnel costs are allocated based on computer equipment
Operating Costs are based on different types of Equipment Computers, phones and Direct expenses
Software Support is based on Computers and Direct costs

FLEET

Based on the number of hours spent per vehicle and what department the vehicle is charged

STORM DRAIN

Based on passed Ballot measure for Prop 218
The Storm Drain Allocation Plan cannot exceed the amount of Storm Drain O/M and Investment Earnings combined, even though the actual overhead allocation may be higher. The Storm Drain Allocation for the General fund comes from the Storm Drain Section, however only the difference of the available can be charged to the fund. Storm Drain cannot be adjusted in the amounts allowed unless the measure is put on a ballot and cannot be a protest vote.

SOLID WASTE

Based on Prop 218 and Allocation Plans
The Solid Waste Overhead to GF (General Fund) column information comes from the Solid Waste section. Streets Degradation information is listed in the Streets and Roads column highlighted in BOLD . The non-bold entry in the Solid Waste Overhead to GF (General Fund) column is not an additional amount (it is NOT highlighted in BOLD) but is provided only for reference.
Costs listed in the original Prop 218 have been modified from 38% to 26.03% so as to eliminate duplicate information since the Citywide Clean-Up is part of the Street Degradation Plan.
The Franchise Fee was eliminated as it was tied to revenues but is now based on actual operations and maintenance, and employee costs.

COMMUNITY DEVELOPMENT

Based on Permits and Permitting staff

SUMMARY OF ALLOCATIONS

GENERAL FUND

Funds highlighted in **BOLD** are the only funds that get an allocation.

SUPPORT SERVICE – CITY COUNCIL

DESCRIPTION OF SERVICE

The City Council is responsible for approving all legislation and formulating City policies. The Council's objectives are broad and include translating public attitudes and service requirements into policies and programs, so that desired levels of service can be provided efficiently and economically. The Council keeps abreast of current State and Federal legislation.

The City Council conducts its meetings in public session on the second and fourth Tuesday of each month and at other times when special meetings are called.

ALLOCATION METHOD

- 40% of the City Council's budget is allocated based on a sample of agenda items
- 40% of the City Council's budget is allocated based on the number of FTE's per department/program
- 20% of the City Council's budget is not allocated. This recognizes that a portion of City Council's time is spent on non-administrative type functions

SUPPORT SERVICE – CITY CLERK

DESCRIPTION OF SERVICE

The City Clerk is the local official administering democratic processes such as elections, access to city records, and all legislative actions ensuring transparency to the public. The City clerk acts as a compliance officer for federal, state and local statutes including the Political Reform Act. The City Clerk manages public inquiries and relationships and arranges for ceremonial and official functions. The City Clerk assists in the administration of risk exposure reduction and participates on the Central Valley Risk Management Authority (CSJVRMA) Board of Directors as an alternate board member. The City Clerk gives administrative direction, manages and coordinates the day to day operation of the City Clerk's Office and the Administrative Services Department including Human Resources, Risk Management, Community Relations, and Transit. The City Clerk manages public inquiries and relationships and arranges for ceremonial and official functions.

The City Clerk prepares City council and other agency and authority agendas for review by the City Administrator; prepares meeting notices, proclamations, and certificates, and coordinates with recipient for scheduling on Council agenda; duplicates and distributes agenda packets; prepares Council chambers for meetings; publishes ordinances, resolutions, and notices of public hearings; posts and mails notices of public hearing and Council actions affecting local residents; ensures compliance with the Brown Act; oversees the receipt and maintenance of official City documents and records; summarizes Council actions and instruction to City staff; prepare Local Appointments List; provides for codification of the Municipal Code; administers the electronic imaging system; coordinates Records Management tasks across departments; assists in the development and preparation of the annual preliminary budget for the Department; review and evaluate budgetary and financial data; monitor and control income and expenditures in accordance with established limitations; oversees the City's bidding process by ensuring compliance with bidding procedures, scheduling bid openings; serves as the Elections Official and serves many other city functions.

ALLOCATION METHOD

- 40% of the City Clerk budget is allocated based on a sample of agenda items.
- 40% of the City Clerk budget is allocated based on the number of FTE's per department/program.
- 20% of the City Clerk budget is not allocated. This recognizes that a portion of City Clerk's time is spent on non-administrative type functions.

SUPPORT SERVICE – GENERAL SERVICES

DESCRIPTION OF SERVICE

The General Services Department provides services to the City as a whole and not one individual program. Expenses such as the Civic Center debt service payment, building operations and maintenance, audit expenses, postage, office supplies, building energy costs and City-Wide contracted services that benefit the entire City.

ALLOCATION METHOD

- 100% of the Civic Center debt service payment is allocated based on an analysis performed in 2005 during the Phase I construction and pledged revenue sources that would pay for the debt service.
- 100% of remaining costs with the exception of the Pension Obligation Bond are allocated based on total budget per program.
- 100% of the Pension Obligation Bond is allocated based on the percentage breakdown between Safety and Non-Safety. 68% is allocated to miscellaneous groups based on current staffing. 32% is allocated to Police Safety.
- 100% of one Parks and Facilities worker is being allocated based on square footage for all buildings for building maintenance.

CIVIC CENTER LEASE

The amounts are based on an analysis performed in 2005 during the Phase I construction and pledged revenue sources that would pay for the debt service. The impact fees will be absorbed by the GF since there is no real development expected. Whatever Impact Fees are collected will be applied towards the advance from the GF to the Impact Fee fund for completion of the civic Center anyways. Once the loan is paid back, the allocation will be applied to the Impact Fee fund. There is also a 7% portion of cost to be recovered by tenant rents which go the GF, when occupied and charged, so that cost is incurred by the GF which makes the total GF portion 31%.

The percentage split for Enterprise funds is a total of 23% according to the pledged revenue sources in 2005. Water and Sewer comprise the vast majority of Enterprise activity so they are paying for almost all of the 23% Solid Waste is outsourced and does not use the Civic Center.

SUPPORT SERVICE – CITY ADMINISTRATION

DESCRIPTION OF SERVICE

The City Administrator is charged with coordinating and directing the administration of the City within the framework of policy established by the City Council.

The City Administrator is responsible for directing the administration of departments and divisions, preparing and submitting the annual Budget, maintaining communications and good relations with the general public, advising the Council of the City's financial condition, and recommending to the Council measures or actions considered necessary for the welfare of the City and efficient operation of government.

The City Administrator is also the Executive Director of the Chowchilla Successor Agency, directs development and implementation of City General and utility plans, annexations, strategic financial planning, personnel administration, and intergovernmental coordination and liaison activities. Lastly, the City Administrator's office provides clerical and staff assistance to the Mayor and City Council. In addition, the Department is charged with all Personnel functions, including recruitment, selection, benefits, administration and safety programs.

ALLOCATION METHOD

- 33% of the City Administrator's budget is allocated based on a sample of agenda items.
- 33% of the City Administrator's budget is allocated based on the number of FTE's per department program.
- 34% of the City Administrator's budget is allocated based on total budget per program.

SUPPORT SERVICE – COMMUNITY DEVELOPMENT

DESCRIPTION OF SERVICE

The Community & Economic Development Department guides the physical development of the City in a manner that will foster positive social and economic growth consistent with the goals of the General Plan, and to attract and retain additional businesses to the City to strengthen the jobs/housing balance.

The Director of Community & Economic Development, the Building Official/Code Enforcement Officer and the Project and Permit Supervisor work together to promote and facilitate commercial and industrial economic development projects, provide current and advanced, long-term planning functions, process land use applications consistent with adopted development standards, administer and enforce all land use laws, administer and enforce building codes for all private and public construction projects, review and approve building plans and issue building permits for all construction, and provide engineering and construction inspection services.

ALLOCATION METHOD

- 100% of the Community & Economic Development budget is allocated based on permitting staff costs
- 5% of the Community & Economic Development budget is allocated based on permitting oversite costs

SUPPORT SERVICE – STREETS AND ROADS

DESCRIPTION OF SERVICE

The Streets and Roads Department is responsible for the maintenance and upkeep of all the roads in the City as well as the replacement of deteriorated roads and the construction of new roads. This also consists of curbs, gutters, sidewalks and American Disability Act upgrades. The City's roads are used by multiple departments and incur deterioration and damage as a result.

This Cost Plan section quantifies the refuse truck operations and water and sewer street cuts have on the City's public right of ways. The amortized cost of Reclamite (slurry) and an overlay are identified and a portion distributed to the Water, Solid Waste and Sewer funds.

ALLOCATION METHOD

- 10% of the amortization costs are allocated to the Water fund as a reflection of the number of streets cuts and water vehicle damage that is done to the City's roads.
- 8% of the amortization costs are allocated to the Solid Waste fund as a reflection of the amount of damage done to City roads by the use of the Hauler's trucks. The last rate study allowed for 10.8% of the total administrative costs charged to be used for Operations and Maintenance and this 10% calculation falls within those parameters.
- 3% of the amortization costs are allocated to the Sewer fund as a reflection of the number of streets cuts and water vehicle damage that is done to the City's roads. There are not as many street cuts and vehicles used by the sewer fund so it is substantially less than the Water fund allocation.

SUPPORT SERVICE – INFORMATION TECHNOLOGY

DESCRIPTION OF SERVICE

The Information Technology Department's main focus is the application of computers to store, retrieve, transmit and manipulate data and is charged with the overall data management systems for the City, handling all computers, tablets, phones, servers, internet, software and electronic information storage.

ALLOCATION METHOD

- 100% of Personnel, Services, and iPhone, iPad and Computers costs are allocated based on # of computers.
- 100% of Phones and related software are allocated based on the # of devices within each department.
- 100% of Direct Costs are allocated to the departments that receive the direct services. This includes copiers and software that is specific to a department and cannot be used by any other department.

SUPPORT SERVICE – STORM DRAIN

DESCRIPTION OF SERVICE

The Storm Drain Division of the Public Works Department strives to protect the environment and public health by providing safe, reliable, efficient and cost-effective storm water disposal.

The Storm Drain Division strives to ensure expedient, courteous, and dependable service to citizens so that all storm water is properly disposed to ensure citizen safety and flood prevention.

ALLOCATION METHOD

- Based on passed Ballot measure
- Cannot exceed the amount of investment earning plus operations and maintenance revenues.
- Only the available between operation expenses and revenues can be allocated to the general fund.

COSTS TO BE ALLOCATED

	%	TOTAL	TOTAL TO GENERAL FUND
Allowable Charges			
Total Allowed for Operational Costs		105,958	-
Less Operational Costs in Storm Drain		67,800	-
Available to Cover Admin Costs	100%	38,158	38,158
ALLOWABLE OPERATIONAL EXPENDITURES		100%	38,158

*Total overhead costs for the General Fund is 209,295 of which only 38,158 is allowable.

SUPPORT SERVICE – SOLID WASTE

DESCRIPTION OF SERVICE

The Solid Waste Division of the Public Works Department strives to protect the environment and public health by providing safe, reliable, efficient and cost-effective solid waste and green waste disposal and recycling services for customers through the contracted provider.

The Solid Waste Division strives to ensure expedient, courteous, and dependable service to citizens so that all trash is properly picked up and disposed; meet and exceed standards set forth by Cal Recycle in AB 939 and AB 341 for landfill diversion; assure the contracted provider safely and efficiently collects residential and commercial solid waste and disposes of it at their transfer station; and educate citizens on the importance of recycling and landfill diversion.

ALLOCATION METHOD

- 7.25% of the Solid Waste budget is allocated based on personnel costs.
- 4.85% of the Solid Waste budget is allocated based on operations and maintenance overhead costs.
- 13.43% of the Solid Waste budget is allocated based on street degradation
- Citywide Clean-Up and street sweeper are part of the Street Degradation Plan
- The Franchise Fee was eliminated as it was tied to revenues but is now based on actual operations and maintenance, and employee costs.

COSTS TO BE ALLOCATED

	%*	TOTAL	STREETS DEGRADATION	TOTAL TO GENERAL FUND
FRANCHISE FEE				
Personnel Costs-Finance & Admin	7.25%	1,807,700	-	131,118

Project # **AIP-3**

Project Name **Rehabilitate Runway 12-30 and Airfield Electrical**

Department **Airport**

Contact **Public Works Director**

Type **Improvement**

Useful Life **40 years**

Category **Street Paving**

Description

Rehabilitate Runway 12-30 (Construction) - Runway rehabilitation on 3,253 feet of runway plus two 300 foot long stopways by 60 feet wide, for a total area of 231,200 sq. ft. PCI = 75. Airfield electrical upgrades - new runway edge and threshold lights, guidance signs, conduit and conductor, new pilot control panel and constant-current regulator, removal of the runway 30 VASI and replacement with a PAPI, and installation of a new rotating beacon with tip-down pole.

Project #	FD-1
Project Name	Fire Dept. Building Expansion

Department Fire Department

Contact Fire Chief

Type Improvement

Useful Life 40 years

Category Buildings

Description

Total Project Cost: \$1,040,000

This project would require hiring of an architect to design and addition to Fire Station #1. It would involve hiring a construction firm to build an addition on the west side of the building. Will include a Women's locker room, shower facilities and restroom.

Justification

Fire Station #1 was designed and constructed for the exclusive use of male firefighters. There is one small (4x6) women's public restroom and no shower facility for women to use. The showers are located in the men's restroom along with the men's locker room. We would like to accommodate our women firefighters/paramedics of the future by preparing the facility for their needs. Additionally, State regulations are anticipated in this area, requiring such facilities.

Expenditures	'21/'22	'22/'23	'23/'24	'24/'25	'25/'26	Total

PD-5

Project Name

CAD / RMS System Upgrade

Department Police Department

Contact Police Chief

Type Equipment

Useful Life 10 years

Category Equipment: Computers

Description

Total Project Cost: \$125,000

Replace outdated Police Department Computer Aided Dispatch (CAD) and records management System (RMS) to create a web-based platform designed to interface with new applications and improve reporting and analytics capabilities. The upgrade will enhance mapping and radio capabilities, improve vehicle dispatching, upgrade text-to-9-1-1 capabilities, increase efficiency in report writing and provide better case management.

Justification

The current system has reached the limit of its usability and growth of the product. The department needs a product that is equipped to handle various reporting capabilities, real time updates, unique department customizations, and mobile/remote access. Not implementing this project will not allow the CAD/RMS systems to meet the needs of a quickly changing and modern law enforcement agency.

Type

Improvement

Useful Life

40 years

Category

Storm Sewer/Drainage

Description

Phase 1 Storm Drain Improvement Project will consist of the installation of storm drainage improvements to serve the area south of Robertson Boulevard. A largediameter storm drainage pipeline will be installed in Humboldt Avenue from 3rd Street to 15th Street, where it will connect to the existing storm drainage system. As part of Phase I, Humboldt Avenue will be reconstructed to improve the pavement surface.

Contact Public Works Director

Type Improvement

Useful Life 40 years

Category Storm Sewer/Drainage

Description

Total Project Cost: \$2,500,000

Phase 2 Storm Drain Improvements will consist of the installation of storm drainage improvements to serve the area generally north of Robertson Boulevard and south of Lake Avenue. A large-diameter storm drainage pipeline will be installed in Kings Avenue from 3rd Street to 15th Street, where it will connect to the existing storm drainage system. The rehabilitation of the existing pavement along Kings Avenue is not included. Funding Sources to be identified later.

Justification

Project #	SD-3
Project Name	Sonoma Avenue Storm Drain Improvement

Department	Storm Drainage
Contact	Public Works Director
Type	Improvement
Useful Life	40 years
Category	Storm Sewer/Drainage

Description

Total Project Cost: \$3,526,635

Phase 3 Storm Drain Improvements will consist of the installation of storm drainage improvements to serve the area generally north of Lake Avenue and south of Ventura Avenue. A large-diameter storm drainage pipeline will be installed in Sonoma Avenue from 5th Street to 15th Street, where it will connect to the existing storm drainage system. As an eligibility requirement of the Prop.1 Program the project must exhibit multiple benefits; a straightforward storm drainage pipeline will not be eligible. As such, Phase 3 will also include a recharge basin at Edward Ray Park.

CITY COUNCIL RESOLUTION # 51-21

**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF CHOWCHILLA, CALIFORNIA
ADOPTING THE BUDGET OF THE CITY OF CHOWCHILLA FOR THE FISCAL YEAR
JULY 1, 2021 THROUGH JUNE 30, 2022**

WHEREAS, City staff has prepared the proposed budgets described above in proper form for all funds for which a budget is required; and

WHEREAS, the proposed budget, along with all supporting schedules and data will be available for public inspection in the office of the Finance Director; and

WHEREAS, all statutory legal requirements for the final adoption of said budget have been completed; and

WHEREAS, it is the intention of the City Council to adopt the proposed budget as the annual budget of the City of Chowchilla for the 2021-2022 Fiscal Year;

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Chowchilla hereby finds, determines and declares the following:

1. The above recitals are true and correct.
2. The annual budget of the City of Chowchilla is hereby adopted for the fiscal year beginning July 1, 2021 and ending June 30, 2022.
3. Authority to transfer appropriations from one line item to another within a department rests with the City Administrator.
4. Authority to transfer appropriations between departments of the same fund rests with the City Administrator.
5. Authorization to transfer appropriations between funds will be represented by resolution duly approved by the City Council.
6. Authority to increase appropriations within a fund by an amount not to exceed \$50,000 shall rest with the City Administrator.
7. The unspent and unencumbered balance from all capital improvement project accounts which were duly approved as of June 30, 2021 shall be continued and re-appropriated for expenditure in the 2021-2022 fiscal year.
8. No appropriations set forth in said budget shall be canceled in whole or in part except by Resolution adopted by affirmative vote of three-fifths (3/5) of all members of the City Council.
9. Expenditures made, liabilities incurred, or warrants issued in excess of budget appropriations as originally approved or as thereafter increased or decreased, shall not constitute an obligation or liability of the City of Chowchilla. The City Administrator and the City Council shall approve no claims and the Finance Director shall issue no warrants or checks for any expenditure in excess of existing appropriations except upon an order of the court of competent jurisdiction, or in cases of emergency as specified and in accordance with the procedures established in the Government Code of California.

10. The City Administrator is hereby authorized and directed to take all actions necessary to implement the FY 2021-2022 budget.
11. The Gann Appropriations Limit for FY 2021-2022 is \$7,298,913 which we are complying.
12. This Resolution is effective immediately upon adoption.

PASSED AND ADOPTED by the City Council of the City of Chowchilla this 29th day of June 2021 by the following vote to wit:

CITY COUNCIL RESOLUTION # 52-21

**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF CHOWCHILLA, CALIFORNIA
ESTABLISHING THE APPROPRIATION LIMIT FOR FISCAL YEAR 2021-2022**

WHEREAS, Section 7900 of the Government Code provides for the implementation of Article XIIIB of the California Constitution; and

WHEREAS, Section 7901 through 7913 of the Government Code provide that each year the governing body of each local jurisdiction shall, by resolution, establish its proceeds of taxes appropriation limit at a regularly scheduled meeting, and

WHEREAS, all documentation used in the determination of the proceeds of taxes appropriation limit for the 2021-2022 Fiscal Year is calculated by adjusting the "base year", Fiscal Year 1978-79, proceeds of taxes appropriation limit for the population change and the change in the per capita personal income or local assessment roll due to non-residential construction.

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Chowchilla hereby finds, determines and declares the following:

1. The proceeds of taxes appropriation limit for the year 2021-2022 is established at \$7,298,913 and that the appropriation from proceeds of taxes; revenue subject to the limitation is \$1,996,182 an amount below the established limit. Documentation used in the determination of the proceeds of tax appropriation limit is available to the public at the City of Chowchilla, Finance Department, 130 S. Second Street, Chowchilla, California 93610.

PASSED AND ADOPTED by the City Council of the City of Chowchilla this 29th day of June 2021 by the following vote to wit:

CHOWCHILLA PUBLIC FINANCE AUTHORITY RESOLUTION # 01-21

A RESOLUTION OF THE BOARD OF DIRECTORS OF THE CHOWCHILLA PUBLIC FINANCING AUTHORITY OF THE CITY OF CHOWCHILLA, CALIFORNIA, APPROVING THE CHOWCHILLA PUBLIC FINANCING AUTHORITY BUDGET FOR THE FISCAL YEAR 2021/2022

WHEREAS, in accordance with City Code Section 2.08(g), the City Administrator submitted for consideration of the Council of the City of Chowchilla a proposed City Operating Budget and City Capital Improvement Budget for the City Fiscal Year 2021-2022 including therein the Operating and Capital Improvement Budget of the Chowchilla Public Financing Authority; and

WHEREAS, a public meeting on said budget was duly scheduled, and held, and all persons were given the opportunity to be heard and their suggestions or objections carefully considered.

NOW, THEREFORE, BE IT RESOLVED that the Board of Directors of the Chowchilla Public Finance Authority hereby finds and determines the following:

1. The Board has reviewed the proposed Operating Budget and Capital Improvement Budget and the funds included therein for the period of July 1, 2021 through June 30, 2022 and hereby find that this budget is a sound plan for the financing required during Fiscal Year 2021-2022 for required operations, services and capital improvements. This budget is hereby adopted.

CHOWCHILLA REDEVELOPMENT SUCCESSOR AGENCY RESOLUTION # 02-21

**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF CHOWCHILLA, CALIFORNIA,
AS SUCCESSOR AGENCY TO THE CHOWCHILLA REDEVELOPMENT AGENCY,
ADOPTING THE OPERATING BUDGET FOR FISCAL YEAR 2021/2022**

WHEREAS, in accordance with City Code Section 2.08(g), the City Administrator submitted for consideration of the City Council of the City of Chowchilla a proposed City Operating Budget and City Capital Improvement Budget for fiscal year 2021/2022 including therein the Operating Budget of the Successor Agency; and

WHEREAS, a public meeting on said budget was duly scheduled, and held and all persons were given the opportunity to be heard and their suggestions and objections carefully considered; and

WHEREAS, the said Proposed Operating Budget contains estimates of the services, activities and projects comprising the budget, and contains expenditure requirements and the resources available to the Successor Agency; and

WHEREAS, the Successor Agency has taken the necessary public actions per State Law known as AB1X26 to ensure that the Successor Agency receives sufficient revenues to finance said Proposed Budget.

NOW, THEREFORE, BE IT RESOLVED that the City of Chowchilla as Successor Agency to the Chowchilla Redevelopment Agency hereby finds, determines and declares the following:

1. The Proposed Operating Budget is hereby approved and adopted as part of the Annual Operating Budget of the Successor Agency to the Chowchilla Redevelopment Agency for the Fiscal Year 2021/2022.

PASSED AND ADOPTED by the Redevelopment Successor Agency of the City of Chowchilla this 29th day of June 2021 by the following vote to wit:

COUNCIL RESOLUTION # 53-21

**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF CHOWCHILLA, CALIFORNIA
AMENDING THE APPROVED CITY OF CHOWCHILLA SALARY SCALE FOR THE
FOLLOWING PERIOD: JULY 1, 2021 THROUGH JUNE 30, 2022**

WHEREAS, Section 37206 of the California Government Code requires the City Council to prescribe the time and method of paying salaries and wages of employees of the City; and

WHEREAS, the City Administrator, and/or a designated representative has, following meet and confer, proposed certain wages, hours and working conditions of employees for the classified employees of the City; and

WHEREAS, the City Council has authorized the adoption of those base salary levels for classified employees of the City

NOW THEREFORE, BE IT RESOLVED by the Council of the City of Chowchilla that the City hereby finds, determines and declares the following:

1. That the Salary Table for the Period July 1, 2021 through June 30, 2022, attached hereto as Exhibit "A" is approved; and
2. That the Salary Table of the Period July 1, 2021 through June 30, 2022 shall, unless modified by a future resolution, continue in effect after the date June 30, 2022.

PASSED AND ADOPTED by the City Council of the City of Chowchilla this 29th day of June, 2021 by the following vote to wit:

NOTES:

There is a 2.5% increase between for all positions between steps and 1/2 steps. City employees in any of the above classifications may be categorized as permanent full time, permanent part time, retired annuitant, or extra help (unrepresented part time) as designated in their offer letter and on the Personnel Action Form (PAF) at time of hire. Retired annuitants, permanent part time and extra help will only receive benefits as permitted by State and Federal Laws. SALARY may increase automatically on the Salary Scale for California Minimum Wage Increases. Exempt employees and is paid based on an annual wage divided by 26 pay periods. **Contracted employees in the Mxx series are the Chief of Police and the City Administrator are paid in accordance with their contract, if a new amount is contracted then the

There is a 2.5% increase between for all positions between steps and 1/2 steps. City employees in any of the above classifications may be categorized as permanent full time, permanent part time, retired annuitant, or extra help (unrepresented part time) as designated in their offer letter and on the Personnel Action Form (PAF) at time of hire. Retired annuitants, permanent part time and extra help will only receive benefits as permitted by State and Federal Laws. SALARY may increase automatically on the Salary Scale for California Minimum Wage Increases. Exempt employees and is paid based on an annual wage divided by 26 pay periods. **Contracted employees in the Mxx series are the Chief of Police and the City Administrator are paid in accordance with their contract, if a new amount is contracted then the salary scale will be updated

TITLE: Budget and Finance Policy		PAGE: 1 of 4
EFFECTIVE DATE: April 12, 2016	COUNCIL RESOLUTION: 39-16	

POLICY PURPOSE

To establish a comprehensive budget and finance policy for the City of Chowchilla that will serve as a guideline for operational and strategic decision making related to financial matters.

POLICY STATEMENT

Financial Plan Objectives

Through its Financial Plan the City of Chowchilla will link resources with results by:

1. Identifying community needs for essential services.
2. Organizing the programs required to provide these essential services.
3. Establishing program policies and goals which define the nature and level of program services required.
4. Identifying activities performed in delivery of program services.
5. Proposing objectives for improving the delivery of program services.
6. Identifying and appropriating the resources required to perform program activities and accomplish program objectives.
7. Setting standards to measure and evaluate the:
 - a. Output of Program activities
 - b. Accomplishment of program objectives
 - c. Expenditure of program appropriations.

Operating Budget

A budget resolution will be adopted by the City Council annually by June 30th which describes the budget amendment process and also specifies budget amendment authority.

1. It is City's policy to adopt a balance budget which means:
 - a. Operating revenues must fully cover operating expenditures, including debt service.
 - b. Ending fund balance must meet minimum policy levels or other target levels established by the City Council for the fiscal year.
2. In the event a balanced budget is not attainable, and the cause of the imbalance is expected to last for no more than one year, the planned use of reserves to balance the budget is permitted. In the event that a budget shortfall is expected to continue beyond one year, the planned use of reserves must be developed as part of a corresponding strategic financial plan to close the gap through revenue increases and/or expenditure decreases.

3. The operating budget shall serve as the annual financial plan for the City. It shall serve as the City's management plan for implementing goals and objectives of the City Council, City Administrator, and departments. The budget shall provide staff the resources necessary to accomplish City Council determined service levels.

Mid Year Budget Review

A review of the City's fiscal condition for the first six months of the fiscal year will be prepared by the Finance Director and presented to Council for amendments to appropriations, if necessary, within 90 days of the mid-year point.

Annual Reporting

The City will prepare annual financial statements as follows:

1. The City will contract for an annual audit by a qualified independent certified public accountant. The City will strive for an unmodified auditor's opinion.
2. The City will use general accepted accounting principles in preparing its annual financial statements and will strive to meet the requirements for the GFOA's Award for Excellence in Financial Reporting program.
3. The City will issue audited financial statements within 270 days after the year end.

Interim Reporting

The City will prepare and issue monthly budget reports to the City Council comparing actual and budgeted revenue and expense.

Budget Administration

The City Council may amend or supplement the budget at any time after its adoption by a majority vote of the Council members. The City Administrator has the authority to make administrative adjustments to the budget as described in the resolution adopting the annual budget.

Revenue Management

The City will estimate annual revenues using an objective, analytical process. Budgeted revenues will be estimated conservatively using accepted standards and estimate provided by the state, other governmental agencies, consultants and/or reliable economic forecasters when available.

1. The City will seek to maintain a diversified and stable revenue base to protect it from short-term fluctuations in any one revenue source.
2. The City will fund current expenditures with current revenues or rolling over short-term debt.
3. The City will avoid using one-time revenues to fund ongoing program costs.

Appropriations

The City shall, to the extent possible pay for current year expenditures with current year revenues. Department Heads are responsible for ensuring department expenditures stay within the department's budgeted appropriation.

Appropriations Limit

The City Council will annually adopt a resolution establishing the City's appropriation limit calculated in accordance with Article XIII-B of the Constitution of the State of California, Section 7900 of the State of California Government Code and any other voter approved amendments or state legislation that affect the City's appropriation limit.

Capital Improvement Management

The purpose of the Capital Improvement Plan (CIP) is to systematically plan, schedule and finance capital projects to ensure cost-effectiveness as well as conformance with established policies. The CIP is a plan organized into the same functional groupings used for the operating programs. The CIP will reflect a balance between capital replacement projects that repair, replace or enhance existing facilities, equipment or infrastructure; and capital facility projects that significantly expand or add to the City's existing fixed assets.

1. **CIP Projects:** A capital improvement project is the acquisition, expansion or rehabilitation of land facilities, building, major equipment or other major infrastructure with the following criteria:
 - a. A project for the expansion, rehabilitation or construction of building, parks, facilities and City infrastructure with the cost of \$5,000 or more.
 - b. The purchase of equipment with a purchase value exceeding \$5,000.
 - c. Transportation projects including but not limited to rehabilitation, new and expansion of the City's transportation and pedestrian networks.
 - d. Long range infrastructure maintenance programs which increase the life of the City's capital facilities, streets, utilities and equipment.
 - e. All Costs incurred in the development, presentation and publication of master plans, modeling and studies leading to the development of a CIP project.
2. The City Council will adopt and update annually a five year Capital Improvement Plan including anticipated funding sources.
3. **CIP Budget Carryover:** Appropriations for CIP projects lapse three years after budget adoption. Projects which lapse from lack of project account appropriations may be resubmitted for inclusion in a subsequent CIP.

Internal Service Funds

The City will allocate the operating costs of the administrative support departments among all operating departments.

1. **Fleet Services** pays for the management, maintenance and servicing of all the vehicles and equipment the City owns. These annual costs will be allocated to the other City funds and shall be set to equal annual expenses of the fund.
2. **Information Technology (IT) Services** pays for management, maintenance, and servicing of all computer equipment, phones, copiers, and electronic devices for the City. These annual costs will be allocated to the other City funds and shall be set to equal annual expenses of the fund.

Grants Management

The City shall actively pursue federal, state and other grant opportunities when deemed appropriate. Before accepting any grant, the City shall thoroughly consider the implications in terms of ongoing obligations that will be required in connection with acceptance of said grant. The term of Grant funding positions should be clearly identified and presented to City Council for approval. It is mandatory to disclose if General Fund revenues will be needed to fund a position after the Grant expires. Grant funding should be considered to leverage City funds. Programs financed with grant monies will be budgeted in separate cost centers and the service program will be adjusted to reflect the level of funding.

RESPONSIBILITY FOR ENFORCEMENT

The City Administrator and Finance Director have authority to oversee the operational issues associated with the maintenance of the Budget and Finance Policy. Department Heads and supervisors are responsible for ensuring department expenditures stay within the department's budget appropriations.

City of Chowchilla

ADMINISTRATIVE POLICY and PROCEDURE MANUAL

Section: Finance	Date: April 2016
Subject: Investment Policy	Council Approval: April 12, 2016
REF: CPP-F11	Resolution 40-16

POLICY PURPOSE

This statement is intended to provide guidelines for the prudent investment of the City of Chowchilla's temporary idle cash for all funds, and outline the policies for maximizing the efficiency of the City's cash management system. The ultimate goal is to enhance the economic status of the City while protecting its pooled cash.

The normal operating funds of the City shall be governed by the constraints imposed by this policy. However, recognizing the need for special consideration in investing substantial proceeds from the debt issue activities of the City, the full range of investment opportunities authorized by California Government Code Section 53601 will apply to funds from debt issue activities.

OBJECTIVE

The City's cash management system is designed to accurately monitor and forecast expenditures and revenues, thus enabling the City to invest funds to the fullest extent possible. The City attempts to obtain the highest yield obtainable as long as investments meet the criteria established for safety and liquidity.

PRUDENT INVESTOR STANDARD

Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation but for investment, considering the probable safety of their capital as well as the probable income to be derived.

The standard of prudence to be used by investment officials shall be "Prudent Investor Rule" (Civil Code Section 2261, et seq.).¹ This affords the City a broad spectrum of investment opportunities as long as the investment is deemed prudent and is allowable under current legislation of the State of California (Government Code Section 53601, et seq.).

OBJECTIVES

As specified in California Government Code Section 53600.5, when investing, reinvesting, purchasing, acquiring, exchanging, selling and managing public funds, primary objectives, in priority order, of the investment activities shall be:

¹ The Prudent Investor Rule states, in essence, that "in investing ... property for the benefit of another, a trustee shall exercise the judgment and care, under the circumstances then prevailing, which men of prudence, discretion and intelligence exercise in the management of their own affairs..."

1. Safety-The safety and risk associated with an investment refers to the potential loss of principal, interest or a combination of these amounts. Safety of principal is the foremost objective of the investment program. Investments of the City of Chowchilla shall be undertaken in a manner that seeks to ensure the preservation of capital in the overall portfolio. To attain this objective, diversification is required in order that potential losses on individual securities do not exceed the income generated from the remainder of the portfolio.
2. Liquidity- This refers to the ability to "cash in" at any moment in time with a minimal chance of losing some portion of principal or interest. The investment portfolio will remain sufficiently liquid to enable the City to meet all operating requirement that might be reasonably anticipated.
3. Yield- Yield is the potential dollar earnings an investment can provide, and sometimes is described as the rate of return. Yield is a consideration only after the basic requirements of safety and liquidity have been met.

DELEGATION OF AUTHORITY

Authority to manage the investment program is derived from California Government Code Section 53600, et seq. Management responsibility for the investment program is hereby delegated to the Finance Director who shall establish written procedures for the operation of the investment program consistent with this investment policy and the requirements of applicable laws. The Finance Director shall be responsible for all transactions undertaken and shall establish a system of controls to regulate the activities of internal staff and any external investment advisors.

All participants in the investment process shall act as custodians of the public trust and all investment officials shall recognize that the investment portfolio is subject to public review and evaluation. The overall program shall be designed and managed with a degree of professionalism that is worthy of the public trust. All investment related activity shall be done in conformance with this policy and all applicable State and Federal laws and regulations.

ETHICS AND CONFLICTS OF INTEREST

Officers and employees involved in the investment process shall refrain from personal business activity that could conflict with the proper execution of the investment program, or which could impair their ability to make impartial investment decisions. Employees and investment officers shall disclose any financial interest in financial institutions that conduct business with the City, and they shall further disclose any personal financial/investment positions that could be related to the performance of the City's portfolio. Employees and officers shall subordinate their personal investment transactions to those of the City, particularly with regard to the timing of purchases and sales, and shall avoid transactions that might impair public confidence.

INVESTMENT GUIDELINES

All City funds not required for immediate expenditure shall be fully invested or deposited to maximize investment returns. To maximize returns, the economy and market conditions should be monitored in order to assess the probable course of interest rates.

The Finance Director shall utilize those eligible investments instruments as set forth in Government Code Sections 53601 and 53635 while following these guidelines:

1. Safekeeping and Custody - All investments of the City shall have the City of Chowchilla as the registered owner or shall be kept in custody of the City or the trust department of its designated third party, safekeeping institution. If securities are kept by a safekeeping institution, the City shall have access to buy and sell such securities independently of any broker. While in safekeeping, the City shall have on file from its designated bank, a written statement that the City has a 'perfected interest' in all securities held in the trust department.

The trust department shall be required to send the City a monthly statement of what is being kept. The Finance Director shall state in the monthly treasurer's report that the statement from the trustee has been reviewed and that the securities are being adequately protected or insured against risk of loss.

2. Diversification - Investments shall be diversified among institutions, type of securities and maturities. Investments shall be diversified to eliminate the risk of loss resulting from over concentration of investments in a specific maturity, issuer or class of securities. In establishing a diversification strategy the following general policies and constraints shall apply:
 - a. Portfolio maturities shall be matched versus liabilities to avoid undue concentration in a specific maturity sector.
 - b. Maturities selected shall provide for stability of income and liquidity
 - c. Disbursement and payroll dates shall be covered through liquid investments with a daily maturity date.
3. Collateralization - All individual certificates of deposit in excess of \$250,000 must be collateralized. Collateral must meet the requirements of California Government Code Section 53652.
4. Financial Institutions -In selecting financial institutions, the creditworthiness shall be considered and the Finance Director shall review the financial history of the institution and utilize only those depositories that are qualified public depositories as established by state law. City funds in excess of the FDIC insured amount shall be invested only in financial institutions sufficiently capitalized to accommodate the City's cash needs. Investments shall not knowingly be made in any financial institution that practices or supports directly or indirectly through its actions discrimination on the basis of race, religion, color, creed, natural or ethnic origin, age, sex or physical disability.
5. Brokers/Dealers -The City shall select only broker/dealers in accordance with the requirements of California Government Code Section 53601.5 who are licensed and in good standing with the California Department of Securities, the Securities and Exchange Commission, the National Association of Securities Dealers or other self-regulatory organizations. Before engaging in investment transactions with a broker/dealer the City shall have received from said firm a signed Certification Form. This form shall attest that the individual has reviewed the City of Chowchilla's Investment Policy and understands the policy and intends to present investment recommendations and transactions to the City that are appropriate under the terms and conditions of the Investment Policy
6. Reporting - The Finance Director shall report quarterly to the City Council the type of investment, financial institution, date of maturity, amount of investment, current market value, rate of interest for all securities and a statement that all City investments are in compliance with the City investment policy and all applicable provisions of the California Government Code.
7. Liquidity -The City of Chowchilla strives to maintain the level of investment of all funds as near 100% as possible, through daily and projected cash flow determinations always maintaining sufficient funds available to meet six months of obligations. The basic premise underlying the City's investment philosophy is, and will continue to be, to insure that money is always safe and available when needed.

INVESTMENTS PERMITTED AND LIMITATIONS

Allowable investments for the portfolio of The City of Chowchilla are limited by California Government Code Sections 53601 et seq. 53635. Percentages of Investment Participation and percentages of Maximum, Participation apply at the time of purchase. In no event, shall investment maturities exceed five years.

U.S. Treasury Securities

United States Treasury notes, bonds, bills or certificates of indebtedness, or those for which the full faith and credit of the United States are pledged for the payment of principal and interest.

Maximum Maturity	5 years
Investment Participation	100%

Federal Agencies Securities

Obligations issued by Federal Government agencies and Government Sponsored Enterprises (U.S. Instrumentalities) such as the Federal Farm Credit Bank (FFCB), the Federal Home Loan Bank (FHLB), the Federal National Mortgage Association (FNMA), the Federal Home Loan Mortgage Corporation (FHLMC) and other similar securities. Such securities are obligations of the agencies themselves, but there is also an implied guarantee by the United States Government.

Maximum Maturity	5 years
Investment Participation	100%

Certificates of Deposit

Issued by commercial banks and credit unions with federal deposit insurance available for amounts up to \$250,000. Financial institutions must provide collateral for deposits over \$250,000.

Maximum Maturity	5 Years
Investment Participation	100%

Negotiable Certificates of Deposit

Issued by commercial banks and credit unions with federal deposit insurance available for amounts up to \$250,000.

	Maximum Maturity	5years
	Investment Participation	100%
5 Years		
	30%	

Local Agency Investment Fund (LAIF)

The Local Agency Investment Fund (LAIF) is a special fund in the California State Treasury created and governed pursuant to Government Code Sections 16429.1 et seq. It is a pooled investment fund managed by the State Treasurer's office for the exclusive benefit of governmental entities within California. Principal amount withdrawal of \$15 million or greater need 24 hour notice and less than \$15 million may be withdrawn the same day.

Maximum Maturity	NIA
Investment Participation	Maximum allowed by LAIF

Medium-Term Corporate Notes

Medium Term Notes of a maximum of five years maturity issued by corporations organized and operating within the United States or by depository institutions licensed by the United States or any states and operating within the United States. A rating agency must rate notes eligible for investment "AAA" or "AA"

If the credit rating of the security falls below the "A" grade, it must be sold and removed from the City portfolio

Maximum Maturity	5years
Investment Participation	30%

PROGRAM TO ENCOURAGE LOCAL DEVELOPMENT

To encourage local economic development, it is encouraged to use local financial institutions to provide investment products for a portion of the City's portfolio. Such products will not necessarily result in maximum earnings for the portfolio. However, the loss of short-term investment yields may be offset by the potential expansion of the tax base. Local financial institutions eligible for participation in this program are defined as any financial institution whose deposits are insured by the Federal Deposit Insurance Corporation (for commercial and savings banks), Savings Association Insurance Fund (for savings and loans associations) and the National Credit Union Share Insurance Fund (for credit unions) and organized and chartered under the laws of the United States or the State of California. Local institutions shall mean any financial institution headquartered in Madera County or any financial institution with a full service branch in Madera County. The institution shall be able to collateralize the City funds in accordance with California Government Code Section 53652.

INTERNAL CONTROLS

A system of internal controls will be maintained to assure compliance with Federal and State regulations, city council direction, and prudent cash management procedures. There will be an annual audit conducted by an independent outside auditing firm to ensure compliance with all regulations and the investment policy of the City

STATEMENT OF INVESTMENT POLICY

The City of Chowchilla's investment policy shall be adopted by resolution of the City Council. The policy shall be reviewed annually by the City Council and they must approve any modifications.

RESPONSIBILITY FOR ENFORCEMENT

The City Administrator and Finance Director have authority to oversee the operational issues associated with the maintenance of the Budget and Finance Policy. Department Heads and supervisors are responsible for ensuring department expenditures stay within the department's budget appropriations.

City of Chowchilla

ADMINISTRATIVE POLICY and PROCEDURE MANUAL

Section:	Finance	Date:
Subject:	Reserve Policy	Supersedes: N/A
Ref:	Council Approval:	
Applies to:	All Employees	Approved for Distribution by:
Pages:	1 to 6	

Note: Policy language subject to modification at any time.

POLICY PURPOSE

To establish City Council policy for the administration of Reserves defined as fund balances in governmental funds and net working capital in proprietary funds.

BACKGROUND

Prudent financial management dictates that some portion of the funds available to the City be reserved for future use.

As a general budget principle concerning the use of reserves, the City Council decides whether to appropriate funds from Reserve accounts. Even though a project or other expenditure qualifies as a proper use of Reserves, the Council may decide that it is more beneficial to use current year operating revenues or bond proceeds instead, thereby retaining the Reserve funds for future use. Reserve funds will not be spent for any function other than the specific purpose of the Reserve account from which they are drawn without specific direction in the annual budget; or by a separate City Council action. Information regarding Annual Budget Adoption and Administration is contained in the Budget and Finance Policy.

GOVERNMENTAL FUNDS AND FUND BALANCE DEFINED

Governmental Funds including the General Fund, Special Revenue Funds, Capital Projects Funds and Debt Service Funds have a short-term or current flow of financial resources, measurement focus and basis of accounting and therefore, exclude long-term assets and long-term liabilities. The term Fund Balance, used to describe the resources that accumulate in these funds, is the difference between the fund assets and fund liabilities of these funds. Fund Balance is similar to the measure of net

working capital that is used in private sector accounting. By definition, both Fund Balance and Net Working Capital exclude long-term assets and long-term liabilities.

ENTERPRISE FUNDS AND NET WORKING CAPITAL DEFINED

Enterprise Funds have a long- term or economic resources measurement focus and basis of accounting and therefore, include long-term assets and liabilities. This basis of accounting is very similar to that used in private sector. However, instead of Retained Earnings, the term Net Assets is used to describe the difference between fund assets and fund liabilities. Since Net Assets include both long-term assets and liabilities; the most comparable measure of proprietary fund financial resources to governmental Fund Balance is Net Working Capital, which is the difference between current assets and current liabilities. Net Working Capital, like Fund Balance, excludes long-term assets and long-term liabilities.

GOVERNMENTAL FUND RESERVES (FUND BALANCE)

For Governmental Funds, the Governmental Accounting Standards Board (“GASB”) Statement No. 54 defines five specific classifications of fund balance. The five classifications are intended to identify whether the specific components of fund balance are available for appropriation and are therefore “Spendable.” The classifications also are intended to identify the extent to which fund balance is constrained by special restrictions, if any. Applicable only to governmental funds, the five classifications of fund balance are as follows:

<u>CLASSIFICATIONS</u>	<u>NATURE OF RESTRICTION</u>
Non-spendable	Cannot be readily converted to cash
Restricted	Externally imposed restrictions
Committed	City Council imposed commitment
Assigned	City Manager assigned purpose/intent
Unassigned	Residual balance not otherwise restricted

A. Non-spendable fund balance: That portion of fund balance that includes amounts that are either (a) not in a spendable form, or (b) legally or contractually required to be maintained intact. Examples of Non-spendable fund balance include:

1. Reserve for Long Term Receivables and Advances: This Reserve is used to identify and segregate that portion of the City’s financial assets which are not due to be received for an extended period, so are not available for appropriation during the budget year.

2. Reserve for Prepaid Assets: This reserve represents resources that have been paid to another entity in advance of the accounting period in which the resource is deducted from fund balance. A common example is an insurance premium, which is typically payable in advance of the coverage period. Although prepaid assets have yet to be deducted from fund balance, they are no longer

B. Restricted fund balance: The portion of fund balance that reflects constraints placed on the use of resources (other than non-spendable items) that are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation. Examples of restricted fund balance are:

1. Reserve for Debt Service: Funds are placed in this Reserve at the time debt is issued. The provisions governing the Reserve, if established, are in the Bond Indenture and the Reserve itself is typically controlled by the Trustee.
2. Reserve for Special Revenues: Special revenue funds account for revenues that are received for a specifically identified purpose and are restricted by the very nature of the revenue received.
3. Reserve for Capital Projects: Capital project funds reserve funds for specified capital improvements such as construction projects, facility improvements and infrastructure improvements. These funds also include Impact Fees.

C. Committed fund balance: That portion of a fund balance that includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action by the government's highest level of decision making authority, and remain binding unless removed in the same manner. The City considers a resolution to constitute a formal action for the purposes of establishing committed fund balance. The action to constrain resources must occur within the fiscal reporting period; however the amount can be determined subsequently. City Council imposed Commitments are as follows:

Emergency Contingency Reserve: Funds designated to mitigate costs of unforeseeable emergencies and natural disasters. A 4/5 council vote is required to spend funds as well as a minimum amount of \$50,000. Should the Contingency Reserve be used, the City Administrator shall present a plan to City Council to replenish the reserve within three years.

D. Assigned fund balance: That portion of a fund balance that includes amounts that are constrained by the City's intent to be used for specific purposes but that are not restricted or committed. This policy hereby delegates the authority to the City Administrator or designee to modify or create new assignments of fund balance. Constraints imposed on the use of assigned amounts may be changed by the City Administrator or his designee. Appropriations of balances are subject to the Budget and Finance Policy concerning budget adoption and administration. This also includes encumbered amounts at year end.

E. Unassigned fund balance: These are the residual positive net resources of the General Fund in excess of what can be properly be classified in one of the other four categories, or negative balances in all other funds.

F. Reserve Funding Levels: The Government Finance Officers Association (GFOA) recommends a minimum of two months (17%) of operating expenditures, excluding capital expenditures, to be the level of the Unrestricted Fund Balance, which includes the last three categories (Committed, Assigned & Unassigned) where the only constraint on spending, if any, is imposed by the government itself.

ENTERPRISE FUND RESERVES (NET WORKING CAPITAL)

In the case of Enterprise Funds, Generally Accepted Accounting Principles ("GAAP") does not permit the reporting of reserves on the face of City financial statements. However, this does not preclude the City from setting policies to accumulate financial resources for prudent financial management of its proprietary fund operations. Since proprietary funds may include both long-term capital assets and long-term liabilities, the most comparable measure of liquid financial resources that is similar to fund balance in proprietary funds is net working capital which is the difference between current assets and current liabilities. For all further references to reserves in Enterprise Funds, Net Working Capital is the intended meaning.

The delivery of water, wastewater, storm drain and solid waste services are accounted for in Enterprise Funds. These "business-type activities" are operated in a manner similar to businesses in the private sector and are primarily funded through user fees and charges. All costs related to providing these services, including direct and indirect operating costs, capital improvements and depreciation are supported by user charges and fees and shall not be subsidized by the General Fund.

It shall be the policy of the City to establish reserve fund guiding principles for water, wastewater, storm drain and solid waste services and to maintain a rate stabilization account as part of these reserve policies.

Section 1 Operating Reserve Funds:

Each utility operating reserve fund is to be used for unanticipated events that impair the ability of the City to provide specific utility services in its normal course of business. The methodology to establish these reserve funds shall be based upon the annual adopted operating budget for each fund which represents the amount necessary to provide for three months (25%) of operations in the event of a major disruption to revenues. The use of these reserve funds shall be restricted to emergency situations resulting from the loss of revenues and must be replenished before the end of the following fiscal year.

Section 2 Capital Reserve Funds:

A Capital Reserve fund is a fund used to accumulate a set amount of excess revenues for the purpose of financing certain capital improvements on a pay-as-you-go basis when the improvement has a fairly short life expectancy or the use of bond financing is not cost effective. Major long-term capital infrastructure projects may be financed through enterprise bonds. Small unanticipated capital projects may also be financed through the capital reserve fund. The Public Works Director with the approval of the City Administrator shall determine an appropriate "contribution" to the capital reserve fund each year and identify it as part of the Capital Improvement Budget.

Section 3 Rate Stabilization Fund – Solid Waste:

The purpose of the Rate Stabilization Fund is to maintain a prescribed stable balance in reserve as a means to mitigate future rate increases. The use of this reserve fund is limited to only operations and maintenance related expenses and not capital improvements. This reserve is specific to Solid Waste and serves as the operating reserve as these services are contracted out and the City does not have as much control on expenses.

Section 4 Replenishment of Reserves:

The Director of Public Works with the approval of the City Administrator shall establish a replenishment schedule pursuant to the guidelines provided in this policy.

EQUIPMENT REPLACEMENT RESERVE FUNDS

The City Council has decided to avoid, whenever possible, expensive lease/purchase arrangements or incurring replacement cost expenses all at once in a single fiscal year for vehicles and equipment. This can be made possible by establishing equipment replacement accounts for each City Utility Enterprise Fund and the General Fund. Each year, depreciation is calculated on a straight-line basis for several years, depending on the projected useful life of each piece of equipment or vehicle, for all items that cost \$5,000 or more. Depreciation schedules are determined at the time of purchase and have been examined each year during the City's audit. An amount equal to the annual depreciation expense for all equipment will be placed into an account each year. Additionally, any proceeds from the sale of City vehicles and equipment will be placed into the appropriate equipment replacement account.

Each reserve fund can only be used to replace equipment from that fund and is not to be used for any other purpose unless approved by a majority vote of City Council. The use of the funds can be included in the annual budget which is approved by Council. The Finance Director will present an annual reconciliation of the reserve funds to Council.

RESPONSIBILITY FOR ENFORCEMENT

The City Administrator and Finance Director has authority to oversee the operational issues associated with the maintenance of the Budget and Finance Policy. Department Heads and supervisors are responsible for ensuring department expenditures stay within the department's budget appropriations.

TITLE: Debt Management Policy		PAGE: 1 of 6
EFFECTIVE DATE: February 14, 2017		COUNCIL RESOLUTION: 19-17

POLICY BACKGROUND

This Debt Management Policy (the “Debt Policy”) of the City of Chowchilla (the “City”) was approved by the City Council on February 14, 2017. The Debt Policy may be amended by City Council as it deems appropriate from time to time in the prudent management of the debt of the City.

This Debt Policy will also apply to any debt issued by the Successor Agency to the Dissolved a Redevelopment Agency of the City of Chowchilla (“Successor Agency”), the Chowchilla Public Financing Authority or the Housing Authority of the City of Chowchilla, or any other public agency for which the City Council of the City acts as its legislative body.

The Debt Policy has been developed to provide guidance in the issuance and management of debt by the City of Chowchilla or its related entities and is intended to comply with Government Code Section 8855(i), effective on January 1, 2017. The main objectives are to establish conditions for the use of debt; to ensure that debt capacity and affordability are adequately considered; to minimize the City’s interest and issuance costs; to maintain the highest possible credit rating; to provide complete financial disclosure and reporting; and to maintain financial flexibility for the City.

Debt, properly issued and managed, is a critical element in any financial management program. It assists in the City’s effort to allocate limited resources to provide the highest quality of service to the public. The City understands that poor debt management can have ripple effects that hurt other areas of the City. On the other hand, a properly managed debt program promotes economic growth and enhances the vitality of the City of Chowchilla for its residents and businesses.

POLICY PURPOSE

This Debt Policy shall govern all debt undertaken by the City. The City hereby recognizes that a fiscally prudent debt policy is required in order to:

- Maintain the City’s sound financial position.
- Ensure the City has the flexibility to respond to changes in future service priorities, revenue levels, and operating expenses.
- Protect the City’s credit-worthiness.
- Ensure that all debt is structured in order to protect both current and future taxpayers, ratepayers and constituents of the City.
- Ensure that the City’s debt is consistent with the City’s planning goals and objectives and capital improvement program or budget, as applicable.
- Encourage those that benefit from a facility/improvement to pay the cost of that facility/improvement without the need for the expenditure of limited general fund resources.

POLICIES

Purposes for Which Debt May Be Issued

The City will consider the use of debt financing primarily for capital improvement projects (CIP) when the project's useful life will equal or exceed the term of the financing and when resources are identified sufficient to fund the debt service requirements. An exception to this CIP driven focus is the issuance of short-term instruments such as tax and revenue anticipation notes, which are to be used for prudent cash management purposes and conduit financing, as described below. Bonded debt should not be issued for projects with minimal public benefit or support, or to finance normal operating expenses.

If a department has any project which is expected to use debt financing, the department director is responsible for expeditiously providing the Chief Executive Officer and the Director of Finance with reasonable cost estimates, including specific revenue accounts that will provide payment for the debt service. This will allow an analysis of the project's potential impact on the City's debt capacity and limitations. The department director shall also provide an estimate of any incremental operating and/or additional maintenance costs associated with the project and identify sources of revenue, if any, to pay for such incremental costs.

(i) Long-Term Debt. Long-term debt may be issued to finance or refinance the construction, acquisition, and rehabilitation of capital improvements and facilities, equipment and land to be owned and/or operated by the City.

(a) Long-term debt financings are appropriate when the following conditions exist:

- When the project to be financed is necessary to provide basic services.
- When the project to be financed will provide benefit to constituents over multiple years.
- When total debt does not constitute an unreasonable burden to the City and its taxpayers and ratepayers.
- When the debt is used to refinance outstanding debt in order to produce debt service savings or to realize the benefits of a debt restructuring.

(b) Long-term debt financings will not generally be considered appropriate for current operating expenses and routine maintenance expenses.

(c) The City may use long-term debt financings subject to the following conditions:

- The project to be financed has been or will be approved by the City Council.
- The weighted average maturity of the debt (or the portion of the debt allocated to the project) will not exceed the average useful life of the project to be financed by more than 20%, unless specific conditions exist that would mitigate the extension of time to repay the debt and it would not cause the City to violate any covenants to maintain the tax-exempt status of such debt, if applicable.
- The City estimates that sufficient income or revenues will be available to service the debt through its maturity.

- The City determines that the issuance of the debt will comply with the applicable requirements of state and federal law.
- 17 The City considers the improvement/facility to be of vital, time-sensitive need of the community and there are no plausible alternative financing sources

(d) Periodic reviews of outstanding long-term debt will be undertaken to identify refunding opportunities. Refunding will be considered (within federal tax law constraints, if applicable) if and when there is a net economic benefit of the refunding. Refunding's which are non-economic may be undertaken to achieve City objectives relating to changes in covenants, call provisions, operational flexibility, tax status of the issuer, or the debt service profile.

In general, refunding's which produce a net present value savings of at least four (4) percent of the refunded debt will be considered economically viable. Refunding's which produce a net present value savings of less than four (4) percent or negative savings will be considered on a case-by-case basis, and are subject to City Council approval.

(ii) **Short-term debt.** Short-term borrowing may be issued to generate funding for cash flow needs in the form of Tax and Revenue Anticipation Notes (TRAN).

Short-term borrowing, such as commercial paper, and lines of credit, will be considered as an interim source of funding in anticipation of long-term borrowing. Short-term debt may be issued for any purpose for which long-term debt may be issued, including capitalized interest and other financing-related costs. Prior to issuance of the short-term debt, a reliable revenue source shall be identified to secure repayment of the debt. The final maturity of the debt issued to finance the project shall be consistent with the economic or useful life of the project and, unless the City Council determines that extraordinary circumstances exist, must not exceed seven (7) years.

Short-term debt may also be used to finance short-lived capital projects; for example, the City may undertake lease-purchase financing for equipment, and such equipment leases may be longer than 7 years.

(iii) **Financings on Behalf of Other Entities.** The City may also find it beneficial to issue debt on behalf of other governmental agencies or private third parties in order to further the public purposes of City. In such cases, the City shall take reasonable steps to confirm the financial feasibility of the project to be financed and the financial solvency of any borrower and that the issuance of such debt is consistent with the policies set forth herein. In no event, will the City incur any liability or assume responsibility for payment of debt service on such debt.

Types of Debt

In order to maximize the financial options available to benefit the public, it is the policy of the City of Chowchilla to allow for the consideration of issuing all generally accepted types of debt, including, but not exclusive to the following:

- **General Obligation (GO) Bonds:** General Obligation Bonds are suitable for use in the construction or acquisition of improvements to real property that benefit the public at large.

Examples of projects include libraries, parks, and public safety facilities. All GO bonds shall be authorized by the requisite number of voters in order to pass.

- **Revenue Bonds:** Revenue Bonds are limited-liability obligations tied to a specific enterprise or special fund revenue stream where the projects financed clearly benefit or relate to the enterprise or are otherwise permissible uses of the special revenue. An example of projects that would be financed by a Revenue Bond would be improvements to a water system, which would be paid back with money raised from the rates and charges to water users. Generally, no voter approval is required to issue this type of obligation but in some cases, the City must comply with proposition 218 regarding rate adjustments.
- **Lease-Backed Debt/Certificates of Participation (COP/Lease Revenue Bonds):** Issuance of Lease-backed debt is a commonly used form of debt that allows a City to finance projects where the debt service is secured via a lease agreement and where the payments are budgeted in the annual budget appropriation by the City from the general fund. Lease-Backed debt does not constitute indebtedness under the state or the City's constitutional debt limit and does not require voter approval. Lease Revenue Bonds may be issued by the Chowchilla Public Financing Authority on behalf of the City.
- **Special Assessment/Special District Debt:** The City will consider requests from developers for the use of debt financing secured by property based assessments or special taxes in order to provide for necessary infrastructure for new development only under strict guidelines adopted by the City Council, which may include minimum value-to-lien ratios and maximum tax burdens. Examples of this type of debt are Assessment Districts (AD) and Community Facilities Districts (CFD) or more commonly known as Mello-Roos Districts. In order to protect bondholders as well as the City's credit rating, the City will also comply with all State guidelines regarding the issuance of special district or special assessment debt, as well as any policy required to be adopted under Government Code Section 53312.7.
- **Tax Allocation Bonds:** Tax Allocation Bonds are special obligations that are secured by the allocation of tax increment revenues that are generated by increased property taxes in the designated redevelopment area. Tax Allocation Bonds are not debt of the City. Due to changes in the law affecting California Redevelopment agencies with the passage of ABX1 26 (as amended, the Dissolution Act) as codified in the California Health and Safety Code, the Redevelopment Agency of the City of Chowchilla (RDA) was dissolved as of February 1, 2012, and its operations substantially eliminated but for the continuation of certain enforceable RDA obligations to be administered by the Successor Agency. The Successor Agency has and may issue Tax Allocation Bonds to refinance outstanding obligations of the RDA, subject to limitations included in the Dissolution Act.
- **Multi-Family Mortgage Revenue Bonds:** The City is authorized to issue mortgage revenue bonds to finance the development, acquisition and rehabilitation of multi-family rental projects. The interest on the bonds can be exempt from Federal and State taxation. As a result, bonds provide below market financing for qualified rental projects. In addition, the bonds issued can qualify projects for allocations of Federal low-income housing tax credits, which can provide a significant portion of the funding necessary to develop affordable housing.
- **HUD Section 108 Loan Guarantee Program:** The U.S. Department of Housing and Urban Development (HUD) Section 108 Loan Guarantee Program allows cities to use their annual Community Development Block Grant (CDBG) entitlement grants to obtain

federally guaranteed funds large enough to stimulate or pay for major community development and economic development projects. The program does not require a pledge of the City's General Fund, only of future CDBG entitlements. By pledging future CDBG entitlement grants as security, the City can borrow at favorable interest rates because of HUD's guarantee of repayment to investors.

The City may from time to time find that other forms of debt would be beneficial to further its public purposes and may approve such debt without an amendment of this Debt Policy.

To maintain a predictable debt service burden, the City will give preference to debt that carries a fixed interest rate. An alternative to the use of fixed rate debt is variable rate debt. The City may choose to issue securities that pay a rate of interest that varies according to a pre-determined formula or results from a periodic remarketing of securities. When making the determination to issue bonds in a variable rate mode, consideration will be given in regards to the useful life of the project or facility being financed or the term of the project requiring the funding, market conditions, credit risk and third party risk analysis, and the overall debt portfolio structure when issuing variable rate debt for any purpose. The maximum amount of variable-rate debt should be limited to no more than 20 percent of the total debt portfolio.

The City will not employ derivatives, such as interest rate swaps, in its debt program. A derivative product is a financial instrument which derives its own value from the value of another instrument, usually an underlying asset such as a stock, bond, or an underlying reference such as an interest rate. Derivatives are commonly used as hedging devices in managing interest rate risk and thereby reducing borrowing costs. However, these products bear certain risks not associated with standard debt instruments.

Relationship of Debt to Capital Improvement Program and Budget

The City intends to issue debt for the purposes stated in this Debt Policy and to implement policy decisions incorporated in the City's capital budget and the capital improvement plan.

The City shall strive to fund the upkeep and maintenance of its infrastructure and facilities due to normal wear and tear through the expenditure of available operating revenues. The City shall seek to avoid the use of debt to fund infrastructure and facilities improvements that are the result of normal wear and tear, unless a specific revenue source has been identified for this purpose, such as Gas Tax funds.

The City shall integrate its debt issuances with the goals of its capital improvement program by timing the issuance of debt to ensure that projects are available when needed in furtherance of the City's public purposes.

The City shall seek to issue debt in a timely manner to avoid having to make unplanned expenditures for capital improvements or equipment from its general fund.

Policy Goals Related to Planning Goals and Objectives

The City is committed to financial planning, maintaining appropriate reserves levels and employing prudent practices in governance, management and budget administration. The City intends to issue debt for the purposes stated in this Debt Policy and to implement policy decisions incorporated in the City's annual operating budget.

It is a policy goal of the City to protect taxpayers, ratepayers and constituents by utilizing conservative financing methods and techniques to obtain the highest practical credit ratings (if applicable) and the lowest practical borrowing costs.

The City will comply with applicable state and federal law as it pertains to the maximum term of debt and the procedures for levying and imposing any related taxes, assessments, rates and charges.

Except as described in Section 2.A., when refinancing debt, it shall be the policy goal of the City to realize, whenever possible, and subject to any overriding non-financial policy considerations minimum net present value debt service savings equal to or greater than 4% of the refunded principal amount.

Internal Control Procedures

When issuing debt, in addition to complying with the terms of this Debt Policy, the City shall comply with any other applicable policies regarding initial bond disclosure, continuing disclosure, post-issuance compliance, and investment of bond proceeds.

The City will periodically review the requirements of and will remain in compliance with the following:

- Any continuing disclosure undertakings under SEC Rule 15c2-12,
- Any federal tax compliance requirements, including without limitation arbitrage and rebate compliance, related to any prior bond issues, and
- The City's investment policies as they relate to the investment of bond proceeds.

Whenever reasonably possible, proceeds of debt will be held by a third-party trustee and the City will submit written requisitions for such proceeds. The City will submit a requisition only after obtaining the signature of the Chief Executive Officer or the Director of Finance / Treasurer.

Waivers of Debt Policy

There may be circumstances from time to time when strict adherence to a provision of this Debt Policy is not possible or in the best interests of the City and the failure of a debt financing to comply with one or more provisions of this Debt Policy shall in no way affect the validity of any debt issued by the City in accordance with applicable laws.

City of Chowchilla

ADMINISTRATIVE POLICY and PROCEDURE MANUAL

FIXED ASSET INVENTORY

Section: Finance	Date: October 2015
Subject: Fixed Asset Inventory	Supersedes: N/A
Ref: CPP – F6	Council Approval: Resolution # -15
Applies to: All Employees	Administrator Approval:
Page: 1 to 9	Exhibits: A

Note: Policy language subject to modification at any time.

Purpose

To establish a uniform policy for the accounting control and accountability of the City's financial fixed assets. The Finance Department is the central accounting and reporting locale for all audited fixed assets. Assets under this classification must follow specific accounting rules and are subject to annual audit requirements. The accounting and reporting policies utilized by the City for its fixed assets conform to GAAP, GASB and GASB Statement No. 34.

Capital or fixed assets are real or personal property that have a value equal to or greater than the capitalization threshold for the particular classification of the asset and have an estimated useful life of greater than two years. [Land, land improvements, buildings, building improvements, machinery and equipment, vehicles, infrastructure, leasehold improvements and construction-in- progress (excluding projects donated by outside developers)].

Infrastructure assets are long-lived capital assets that normally can be preserved for a significantly greater number of years than most capital assets and that are normally stationary in nature (roads, bridges, tunnels, drainage systems, water systems and dams). Infrastructure assets do not include buildings, drives, parking lots or any other items incidental to property or access to the property.

Definitions of Terms

Capitalize: To treat as an investment in long-term capital assets rather than as an ordinary operating expense to be charged against revenue in the period in which it is incurred (immediately).

Depreciation: The reduction in value of a capital asset due to use, obsolescence, age, etc. The spreading of an assets cost over the estimated usable life of the asset.

Expense: A use of money/an expenditure of money; a cost

Depreciation Schedule: A report available in Caselle Asset Management Module which will provide the cost, current year depreciation, life-to-date depreciation, and net book value of every capital asset recorded.

Estimated Useful Life/Depreciable Life: The time period over which the original cost or value of an asset is spread to be recorded as an expense. The life is determined by Internal Revenue Service guidelines unless evidence to the contrary is available which suggests a different time period. (See Exhibit A)

Policy

1. Fixed assets must be capitalized if they have a useful life of two or more years. In determining useful life, the City should consider the asset's present condition, use of the asset, construction type, and maintenance policy and adherence to policy as well as how long it is expected to meet service demands.
2. Not every asset with a useful life greater than two years needs to be capitalized. To do so is an unnecessary burden and will not materially affect financial results. The table below lists what will be used in determining the dollar thresholds to use for tracking the City's financial fixed assets.

Capitalization and Depreciation Thresholds	
Land	\$1 or more (capitalized but not depreciated)
Land Improvements	\$5,000 and more
Building	\$5,000 and more
Building Improvements*	\$5,000 and more
Machinery and Equipment	\$5,000 and more
Infrastructure – based on total project cost	\$30,000 and more
Construction in Progress	Costs accumulated and capitalized upon completion

*excludes painting, carpeting, draperies, window shades or blinds

3. Capitalization thresholds should be applied to individual assets, not to a group of assets except in specific situations (contact the Finance Department for guidance).
4. Tracking and control methods over non-capitalized fixed assets should be maintained:
 - a. Assets that are, by nature, susceptible to theft or personal use (i.e., cameras, telecommunications equipment, such as cell phones and PDA's, laptops, tablet PC's, etc.), which have a cost of less than \$5,000, but more than \$300, should be tracked, and at the discretion of the departments, may be tracked in the Caselle Asset Management module using the classification of "Inventory Only".
 - b. Security of these and all fixed assets is to be maintained at the department level and is the responsibility of the Department Head or his/her designee, such as the property management custodian/property monitor.

Procedure

1. Each City department and division is responsible for the physical security, the use, maintenance, accounting and disposal of the fixed assets assigned to their units.

2. The Finance Department is responsible for maintaining the Asset Management Module
3. Each department will enter invoices into the Accounts Payable Module unless otherwise agreed to with the Finance Department. If the invoice is for “Inventory Only” items they should use the 5000 series accounts. If the invoice is for Capitalized items, the 6000 account series should be used.
4. Every month the Finance Department will review all items entered into the Asset Management Module for proper coding and when applicable, proper inclusion in the General Ledger.
5. Financial fixed assets will be physically observed and counted on an annual basis. The Finance Department will assist departments in making random selections of assets to be observed at the end of each fiscal year and will provide instructions and appropriate forms to be completed for assets observed. More frequent audits of non-capitalized “sensitive” assets are left to the discretion of each department.
6. All departmental inventory records are subject to audit by the City’s external auditors or at the discretion of the Finance Department.
7. Transfers. A Fixed Asset Transfer form must be completed and signed by the department head relinquishing the asset for all asset transfers. The form must then be approved by the City Administrator or his/her designee and then submitted to the Finance Department for approval by the Finance Director. The Finance Department will then be responsible for updating the Asset Management Module.
8. Disposals. For all fixed asset disposals, a Fixed Asset Disposition form must be completed and signed by the department head disposing of the asset. The form must then be approved by the City Administrator or his/her designee and then submitted to the Finance Department for approval by the Finance Director. The Finance Department will then be responsible for updating the Asset Management Module. The form can be used for a single asset disposal or a group of assets, provided a list is attached. Any proceeds resulting from the disposed asset(s) must also be disclosed (with supporting documents attached).

Recording of Land, Rights of Way, Easements and Intangibles

Land

Land is capitalized but not depreciated. It is recorded at historical cost and remains at that cost until disposed of. If there is a gain or loss on the sale of the land, it must be reported on the Fixed Asset Disposition form. All land will be capitalized unless the City plans to immediately sell it instead of putting it to use.

The following items should be included as part of the cost of the land: purchase price or fair market value at the time of the gift or donation, commissions, professional fees (title searches, legal costs, appraisals, etc.) grading removal, relocation, or reconstruction of properties of others (telephone and power lines); interest, accrued and unpaid taxes at the date of purchase; other costs incurred in acquiring the land.

Rights of Way (ROW) and Easements: ROW cost will be recorded at the time of the project. If the Row costs are known at the time of the project they should be based upon actual costs. If actual cost is not available, a cost per square foot should be determined using an assessor’s valuation. An easement is the right to use the real property of another without possessing it.

Intangibles: Governments possess many different types of assets that may be considered intangible assets, including ROW, easements, water rights, timber rights, patents, trademarks, and computer software. The useful life of an intangible asset arising from contractual or legal rights should be limited by the contractual or legal provisions. Some intangible assets will have indefinite useful lives as no contractual, legal or other factors limit the useful life of the asset. Intangible assets with indefinite useful lives should not be amortized. (See also Intangibles below.)

Land Improvements

Land improvements consist of betterments, other than buildings, that ready land for its intended use. A few examples are retaining walls, parking lots, sidewalks, outdoor lighting, fencing/gates and landscaping. They can be categorized as non- exhaustive or exhaustible.

Non-exhaustible: Expenditures for improvements that do not require maintenance or replacement, expenditures that bring land into condition to commence erection of structures, improvements that do not deteriorate with usage or passage of time.

Exhaustible: Other improvements that are part of a site, such as parking lots, landscaping and fencing, gates, outside sprinkler systems, fountains, retaining walls, sidewalks, etc.

Buildings

Buildings should be recorded at either their acquisition cost or construction cost. The various components such as land, land improvements, building construction, furniture, fixtures and equipment should be broken out separately. Building components such as design/engineering costs, heating and air conditioning, windows etc., should be included in the initial cost of the building.

Building Improvements

Building Improvements that extend the useful life of the building by more than 25% should be capitalized. Building improvements would include major roofing projects that tear the original roof down to the rafters, major energy conservation projects or remodeling and replacing major building components. Normal maintenance and repair projects like re-shingling or re-tarring a roof would be expensed.

Equipment and Vehicles

Assets such as furniture, shop equipment, lawn equipment, computers, machinery and other equipment that meet the threshold levels should be identified and capitalized. Some assets, individually, may fall below the capitalization threshold but may be purchased in large quantities. When these items have a useful life of more than two years and meet the cost threshold as a group they should be capitalized and depreciated.

Computer equipment: Computers will be excluded if they individually cost less than the threshold limit. If the dollar amount exceeds the limit, those assets will be capitalized and depreciated.

Vehicles: Vehicles should be identified, capitalized and depreciated if they exceed the threshold limit. When setting up the initial costs of the vehicle, the cost of sirens, light bars, etc. on police cars will be included as part of the cost of getting the car into service. In the case of moving existing sirens, etc., that cost will be included as part of the initial cost associated with the new purchases.

Leased Equipment: equipment should be capitalized if the lease agreement is non- cancelable and meets one of the following criteria:

- The lease transfers ownership of the property to the lessee by the end of the lease term.
- The lease contains a bargain purchase option.
- The lease term is equal to 75% or more of the estimated economic life of the leased property.
- The present value of the minimum lease payments at the inception of the lease, excluding executory costs, equals at least 90% of the fair value of the leased property.

Infrastructure Assets

Most infrastructure construction is associated with a project, with certain funds set aside based on the project. Infrastructure items will be evaluated based on the total cost of the project. Any project with a total cost that meets the threshold should be capitalized. The date of completion and placement into service determines when infrastructure is capitalized. If a project includes various components of infrastructure, each major component should be capitalized separately. In addition to actual construction costs, engineering fees and other incidental expenses should be added to the project cost. If certain shared costs cannot be determined for each segment, then the costs should be prorated to each segment based on the segment's percent of the overall project costs (excluding costs that will be allocated).

If ownership of the infrastructure associated with land, such as roads, sewers, etc. is unclear; the government with primary responsibility for managing the asset should report the asset.

Streets, roads and other components: The City will capitalize and include frontage roads and alleys as part of the street and road network if they exceed the dollar threshold. This category also includes the associated curbs and gutters. It excludes however, sidewalks constructed on private property.

Bridges: The initial cost of a bridge will include the sidewalks and guardrails associated with the bridges.

Sidewalks: Sidewalks owned and maintained by the City will be classified as a land improvement subject to the category threshold limits of the class.

Street signs: Street signs are installed once a street project is completed. The cost of the sign is not part of the construction cost. Given the nominal amount of the cost of the signs, when compared to project costs and the nominal cost for sign replacement, the City will not capitalize street signs.

Street lighting: Streetlights included in any project that meets the capitalization threshold will be capitalize as a part of that project.

Traffic lights – Traffic lights will be evaluated by intersection and all intersections that meet the infrastructure threshold will be capitalized.

Bike Paths: Assets associated with a bike path project will be capitalized as one project asset. These assets will include benches, receptacles, engineering costs, etc. Costs associated with the replacement of benches, receptacles, etc. will be expensed in the year replaced.

Construction in Progress

Construction in Progress costs are accumulated by the City and not reported as assets or depreciated until such time as the projects are completed and placed in service. These costs relate primarily to long-lived assets that are construction over several years.

Capital Asset Donations

Donated capital assets are to be capitalized at fair market or appraised value of the asset at the date that it was donated.

Real Estate: All gifts of real estate must have council approval prior to title transferring. Contributed capital assets are valued at their appraised or estimated fair market value on the date donated.

Developers: Private developers install infrastructure that is then given to the City. The acquisition date will be the date that council accepts the development. The developer is to provide the cost of construction associated with the infrastructure being donated. Each infrastructure component should be capitalized separately. These components include such items as:

- Storm sewer
- Lift stations
- Sanitary sewer
- Water mains
- Streets, curbs and gutters
- Traffic signals
- Bike paths
- Street lights
- Land and right of ways

Public Works/Engineering will be responsible for obtaining this information from the developer.

Asset Cost or Acquisition Value

Fixed assets should be reported at historical cost and should include the cost of freight, site preparation, architect and engineering fees, etc. If something other than cash is used to pay for the asset, then the fair-market value of non- cash payment or consideration determines the asset's cost of acquisition value. When the value of the consideration paid cannot be determined, the asset's fair-market value determines the cost.

With few exceptions, an asset's cost should also include necessary costs incurred to place the asset in service. Costs include the invoice price plus incidental costs (insurance during transit, freight, title search, installation costs, etc.).

Repairs and Maintenance

The list below will help to determine if maintenance and repair costs should be capitalized or expensed. With respect to asset improvements, costs over \$5,000 (\$30,000 for infrastructure) should be capitalized if:

- The estimated life of the asset is extended by more than 25%, or
- The cost results in an increase in the capacity of the asset, or
- The efficiency of the asset is increased by more than 10%, or
- Significantly changes the character of the asset, or
- In the case of streets and roads – if the work done impacts the “base” structure.

All other costs should be expensed as repairs and maintenance.

Intangibles

An intangible can be recognized as an asset only if it is identifiable, meaning that 1) it can be sold, transferred, licensed, rented, or exchanged, or 2) it arises from contractual or other legal rights.

Internally generated intangible assets include items created or produced by the government itself, or by a contracting party acting on its behalf. The term also encompasses costs associated with assets acquired from a third party that "require more than minimal incremental effort on the part of the government to begin to achieve their expected level of service capacity" (e.g., "off-the-shelf" software).

Capitalization of internally generated intangible assets, such as software, patents, copyrights and trademarks can only occur after all of the following conditions have been met:

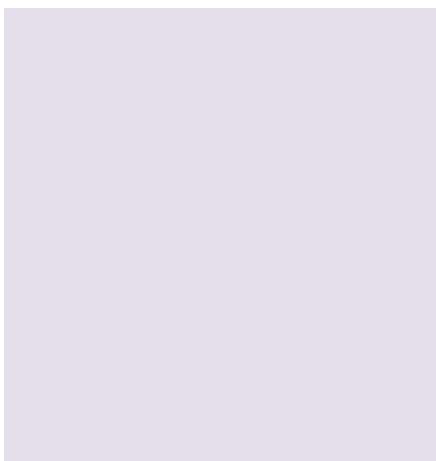

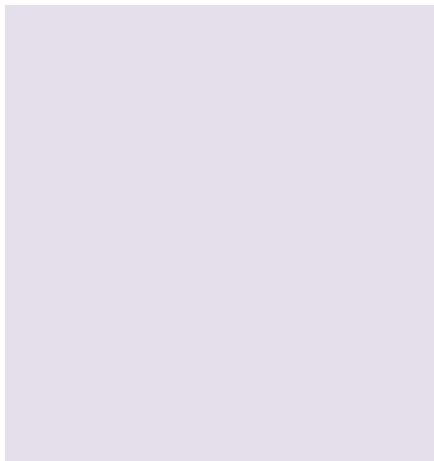

- The specific objective of the project has been determined;
- The nature of the service capacity to be provided has been determined;
- The technical or technological feasibility of successfully completing the project has been demonstrated; and
- The government has demonstrated that it 1) intends, 2) is able, and 3) is making an effort to develop/complete the project.

No outlays incurred prior to meeting all of these criteria may be capitalized.

There are three stages of software development. The preliminary project stage includes conceptual formulation, evaluation of alternatives, determination of existence of needed technology, and final selection of alternatives for development. All outlays incurred during this stage need to be expensed as incurred. This stage must also be completed before outlays of another stage may be capitalized.

The application development stage includes: design of the chosen path (including software configuration and interfaces), coding, installation to hardware, testing (including the parallel processing phase), and data conversion needed to make the software operational (but only to the extent strictly necessary for that purpose). All outlays incurred during this stage should be capitalized, provided that management authorizes and commits to funding (either implicitly or explicitly), at least through the current period.

The post-implementation/operation stage includes: application training, data conversion (beyond what is strictly necessary to make the software operational), and software maintenance. All outlays incurred during this stage should be expensed rather than capitalized.
